Junior College Proposal Gets Over-All Approval

Opposition Fails To Gain Power To Alter Outcome

Voters in the Pettis County-Sedalia area weathered an onslaught of opposition votes from three Benton County School districts Tuesday and saw the proposed Junior College plan for the area approved by 378 votes, unofficial count, with about 200 absentees still to be counted.

The plan, needing a simple majority, ran into trouble when first returns from Benton County started to come in. Holding a lead at the time, the JuCo proposal started to trail after Warsaw reported in with 550 opposition votes, followed shortly by Lincoln's report of 565 votes against the issue.

The tally started to swing back toward the proposal when the Sedalia precincts started to check in, but the situation was still close until about 11:00 p.m., when the Junior College plan had about a 900-vote lead.

Cole Camp was the last of the three Benton County School districts to report in, giving The Democrat-Capital its tally early Wednesday morning. In the Cole Camp district, the vote ran 140 in favor and 740 against the plan.

That put the total vote at 5,141 in favor and 4,763 opposed, giving the plan a margin of 378 votes.

It was noted that many voters apparently did not read their ballots carefully, because they voted for trustees, but failed to indicate they were in favor of the issue by marking the box on the top portion of the ballot. Otherwise, the majority in favor might have been greater.

Of the 15 trustees running from the Sedalia 200 school district, Dr. Donald Proctor pulled in the largest total of votes with 2,159, followed by William C. Hopkins with 2,069. Dr. C. Gordon Stauffacher's 2,067 votes shadowed the 1,587 votes collected by Harlan Snow, who was fourth man down.

Named from Benton County by unofficial returns were E. L. Rhodes, Warsaw, with 1,247 votes; J. W. Ragland, Cole

Win Creates A Council Vacancy; Another Vote

Two former baseball players and teammates met in the city election seeking the office of mayor and Ralph H. Walker, publisher of the Full Cry magazine, Republican, defeated his opponent, James A. "Salty" Schumaker, petroleum agent, Democrat, by a vote of 4,050 to 2,407. Both are presently members of the City Council, Walker representing the Fourth Ward and Schumaker the First Ward. They both will still be serving together in the council.

As a result of the election of Walker, a special election must now be called to elect a councilman from the Fourth Ward to fill the vacancy which will be created on Monday night, April 18, when Walker succeeds Mayor L. L. Studer, also a Republican. Schumaker will retain his seat for another year.

Although opposed for re-election to the office of City Collector, Mrs. Frank (Opal) Hugelman led the Democratic ticket, polling 4,062 votes over her opponent, Mrs. Shirley Hawkins, Republican, who received 2,340 votes

John C. McCloskey, Democrat, unopposed for City Attorney, was next in line, receiving 4,050 votes.

Lawrence N. Englund, Democrat, was re-elected Police Judge, defeating Edwin W. Schultz, Republican, 3,767 to 2,607.

John M. Blue, Democrat, defeated James R. Schmidt, Republican, 3,460 to 2,862, to be re-elected City Assessor.

Mrs. Perry Strole, Democrat, defeated her opponent, Mrs. Delmar Bergfelder, Republican, 3,535 to 2,684, to be re-elected as Treasurer.

The Republicans gained two seats in the Council when R. S. "Bob" Wells, incumbent Democrat in the Third Ward was defeated by Jerry "Bud" Jones, Republican, 992 to 693; and Floyd H. Priddy, Democrat, in the Fourth Ward, seeking re-election, lost to George Dugan, Jr., by a vote of 1,136 for Dugan and Priddy 802.

Two Democrats survived the storm. James R. Askren, in the First Ward, was re-elected over Harry B. Young, Republican, by a vote of 841 to 720; while Walter Jessee, Democrat from the Second Ward, received 632 votes to 567 for Dr. Joseph Rodewald, Republican.

There are 596 applications for absentee ballots of which 560

Food Relief For Indians Is Approved

Rusk Is Amazed At Speedy Action On LBJ's Project

WASHINGTON (AP) — Secretary of State Dean Rusk wondered if his ears were betraying him.

With Rusk in the witness chair the Senate Agriculture Committee approved President Johnson's food relief program for India so fast he almost wasn't asked a single question about Viet Nam.

The atmosphere of speed was apparent when Rusk and Secretary of Agriculture Orville L. Freeman arrived at 3 p.m. Tuesday to testify for the measure — a congressional resolution endorsing Johnson's plan which was approved by the House Monday.

The committee's ranking Republican, Sen. George D. Aiken of Vermont, announced he would have to leave early to keep an appointment with a doctor to work out a "crick in my back."

Chairman Allen J. Ellender, D-La., advised the Cabinet secretaries to "make their statements succinct — to the point" because he intended to wrap the measure up in one day so the Senate could act on it today.

Rusk and Freeman took Ellender's advice. In turn they outlined India's need, what the United States was doing to help and what other nations intended to do.

Rusk had barely finished and was awaiting questions when the white-haired Aiken got to his feet to keep his appointment with the doctor. "May I say a word before I leave?" he said. "I move the committee report the resolution favorably."

"Is there objection?" asked Ellender with a quick look around the table. "The chair hears none."

The measure was thus approved. Now, said Ellender "we'll continue the hearing."

It was not until within 10 minutes of the hearing's end that the subject of Viet Nam came up.

Sen. Jack Miller, R-Iowa, wanted to know if any of the ships that would carry the U.S. wheat, cotton, corn, vegetable oil, nonfat milk and tobacco to India would be from countries dealing with North Viet Nam. Rusk said, "In general, the answer to your question is no."

Car Industry Gets Message About Safety

WASHINGTON (AP) — The auto industry has told Congress it has "gotten the message" about auto safety and, if given a chance, will develop a voluntary, cooperative safety program geared to producing significant results within a year.

But John S. Bugas, testifying for the nation's largest industry at a Senate commerce hearing Tuesday, appealed to Congress to let the industry show what it could do before government standards are imposed.

Bugas, vice president of Ford Motor Co. and chairman of the Safety Administration Committee of the Automobile Manufacturers Association, voiced support for most of President Johnson's highway safety program and added that "if we haven't gotten the message of safety before, we've got it now — believe me."

The car makers have been under increasing fire from critics who contend that not enough stress had been put on safety in designing automobiles.

Part of the highway safety bill would give the secretary of commerce discretionary authority to establish motor vehicle safety standards after two years. It was to that provision Bugas objected.

He argued against vesting in one man "the very vital, complicated responsibility for setting standards that affect the design, engineering and construction of our automobiles."

Also essential, Bugas said, to a cooperative industry program was relaxation of the antitrust laws to permit manufacturers to exchange information and share developments relating to the safety of cars.

The Weather

Considerable cloudiness and continued cool tonight with low in mid to upper 30s. Partly cloudy and warmer Thursday with high in mid 50s.

The temperature Wednesday was 40 at 7 a.m., and 50 at noon. Low Tuesday night was 33.

The temperature one year ago today was high 75, low 53; two years ago, high 48, low 24; three years ago, high 70, low 41.

Lake of Ozark stage: 55.3 feet; 4.7 below full reservoir; no change.

Tension Eases

New Uprisings In Saigon, Hue

SAIGON, South Viet Nam (AP) — New antigovernment demonstrations rocked Saigon and Hue today, but Premier Nguyen Cao Ky's military regime appeared to be making some headway toward ending the grave political crisis that has threatened to tumble it.

Ky called the situation still serious but said he is confident the difficulties with dissident military men in Da Nang can be resolved peacefully.

A few hours after his optimistic statement, 1,000 demonstrators surged through the center of Saigon tonight, wrecking a Vietnamese newspaper office on the way. The youths moved out from a student headquarters at whistle commands from a group of young Buddhist monks.

The mob gathered strength as it surged downtown and attacked the ground floor office of the paper Song, smashing machinery and furniture with knives and sticks. The demonstrations came on the heels of a report of a pact between Saigon authorities and militant student leaders to ease tensions in the capital.

About 10,000 Vietnamese demonstrated peaceably earlier in the day in Hue, 400 miles northeast of Saigon. Because of the continuing agitation in the northern Buddhist stronghold, some 70 foreign civilians—half of them Americans—were evacuated to nearby Marine bases at Phu Bai and Da Nang.

The U. S. Embassy, which cancelled its first evacuation order Tuesday, decided to act after it was told by Vietnamese authorities they could not assure the safety of American installations in Hue.

Most U. S. advisers with the Vietnamese army's 1st Division in the Hue area also were called into U. S. Command compounds in Hue and elsewhere, but some American advisers remained in the field with Vietnamese troops.

Saigon demonstrators again defied the government's 9 p.m. curfew.

About 2,000 of them converged on the Buddhist Institute headquarters where several battalions of paratroopers attempted to keep them confined to a narrow area where they could be controlled. The soldiers threw tear gas grenades at the crowd. The doors of the institute were locked.

Apparently the demonstrators had no intention of entering the institute but rather hoped to break out of the cordon to move downtown for further demonstrations.

The crowd armed itself with rocks and clubs.

Some were carrying banners. Two of them, in English, read: "We want a Cabinet for peace."

Sevier Elected Mayor

Robert Sevier was elected mayor of LaMonte Tuesday in an election there. He received 170 votes. Jim Higgins received 161 write-in votes.

Voters approved the school levy 185 to 88.

Candidates for the county board of education, western district, and the votes received were: E. H. Gregory, 129; John R. Colson, 104; and Elmer Bultemier, 46.

School board candidates and votes received were: Jesse Fairfax, 165; D. I. Sevier, 153; Tony Gill, 126; Ira Williams, Jr., 64; Charles Campbell, 64.

In Four-Way Race

Gardner, Monsees On School Board

The patrons of Sedalia School District 200 Tuesday elected two new members to the Sedalia Public School Board, Robert "Bob" Gardner and Dr. C. W. Monsees. The school levy of $1.37 in excess of the regular $1.00 school levy for the teachers fund, was also approved by the voters.

In the four-way race for the two seats on the board the two receiving the highest number of votes were elected. Gardner polled 3,535 votes and Dr. Monsees, 3,058 votes. The other two candidates Robert "Bob" Jonnson, who sought re-election received 2,487 votes and John Gross 1,815 votes.

The school board met following the report of the election at the office of the Superintendent of Schools for the purpose of canvassing the votes officially, and to officially announce the election of Gardner and Dr. Monsees.

The old board in its meeting heard the reading of the minutes of its previous meeting, approved them and then swore in the two newly elected members and adjourned.

In a special meeting of the new school board held at Smith-Cotton High School late Tuesday night, George Thompson was elected president of the board with David Martin vice-president and William Hiatt secretary. Miss Juanita Berry was elected treasurer. All were elected by acclamation.

The meeting was called to close out the old board and call the new board to order following Tuesday's city elections.

Two members were replaced on the board as a result of the election. Robert S. Gardner, 2606 Plaza, and Dr. Charles W. Monsees, Route 1, replaced Mrs. Mary Studer, who chose not to run after nine years on the board, and Robert Johnson who was defeated in the election.

Joe Floyd Is New Mayor Of Green Ridge

In the city election held in Green Ridge Tuesday, Joe Floyd was elected mayor over Harold Yunt by a vote of 76-44. Ray Lemke, an unanounced candidate, received one write-in vote.

Miss Nola Barrow was elected city collector over Mrs. Eugene Hollenbeck by 81-39.

The race for city marshal had to be decided on the basis of write-in votes since no candidates chose to be nominated. Harvey Acklin received 12 votes while S. A. Sloan, Silas Hilt and Gene Hollenbeck received one vote each.

In the race for aldermen of Green Ridge, A. C. Gordon received 32 votes to win over Glenn Heck who had 30 votes in the south ward. In the north ward, Lloyd Brown, with 34 votes, defeated Harold Baslee who collected 24 votes. Both men will serve two year terms.

J. L. Purchase, with 166 votes, and Eugene Hollenbeck, with 122 votes, were elected directors of Green Ridge schools for three-year terms. They defeated Dale Clingen and Frank Mossberger who received 105 and 90 votes respectively.

The school levy of $2.81 per $100 assessed valuation was passed by a vote of 145 to 70.

The Pettis County western district school board members and their votes received in Green Ridge were Elmer Bultemeier with 39, John R. Colson with 42 and E. H. Gregory with 118.

County Fire Truck Back In Operation

Pettis County residents may not be aware of it, but they can sleep easier tonight — now that the county fire department is back in operation.

The county's fire-fighting equipment has been on the "fritz" for the last 48 hours, according to Chief Ralph Milburn, suffering from a transmission ailment. The truck is back in operation again today.

In case any one should get really worried about the 1957 Dodge truck breaking down again, Milburn said fire fighting units at LaMonte and Hughesville could be called on for help, or, in some cases, volunteer fire fighters would battle a blaze.

Price Fixing Charges On 10 Oil Firms

Some Were Fined On Same Charge In Missouri

KANSAS CITY, Kan. (AP)—Indictments were returned Tuesday by a federal grand jury charging 10 oil firms with fixing prices in the sale of liquid asphalt to the state of Kansas.

Liquid asphalt is an oil refining byproduct. It is used for highway maintenance.

Indicted are two Kansas City concerns, Consumers Cooperative Association and Union Asphalts and Roadoils Inc. Others named include Socony Mobil Oil of New York; Skelly Oil of Tulsa; American Petrofina of Dallas; Colorado Oil and Gas, Colorado Springs; American Oil Co. of Chicago; Phillips Petroleum of Bartlesville; Apco Oil of Oklahoma City, and Wilshire Oil of Denver.

Arraignment was set for April 21.

All but Consumers Cooperative and Colorado Oil and Gas also were indicted earlier in St. Louis on similar charges of rigging bids in the sale of liquid asphalt to the state of Missouri.

They pleaded no contest in

Raphael Hall Re-elected At Sweet Springs

The Sweet Springs general election brought 490 voters to the polls and they re-elected incumbent Raphael Hall to another term as mayor of the city. Hall, unopposed on the ballot, had only one "competitor" in Herbert Stuerke, who received one write-in vote.

The race for alderman of the first ward went to Raymond Wallhausen, who collected 206 votes, compared to the 19 for George Gillmore and the 53 Lloyd Noel received. Noel was running for re-election.

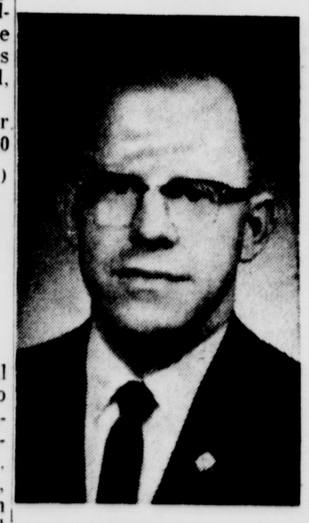

William Smith, unopposed, received 421 votes to give him another term as municipal judge and Charlie Roscher, with 434 votes, was re-elected to another term as chief of police. He ran unopposed.

Mrs. Adelle Hicklin, on 445 votes, was named city collector, defeating Pearl Derken, who collected 137 votes.

Besides votes cast for city officials, residents in Sweet Springs also gave a Saline County Library proposal their approval with 276 voting in favor and four against the issue.

In the school election, Marvin Weber and Paul Shelton were named to three-year terms while Harry Langewisch was named to a two year term. The annual school tax levy of $1.60 was approved, with 263 votes for and 204 against.

M. D. Harris Announces For Office

M. D. Harris

Morran D. Harris, Osceola, Mo., is a candidate for re-election to the office of Representative in the Missouri State Legislature in the forthcoming election.

Announcement of his candidacy is directed particularly to the voters of new District No. 116 which consists of Benton and St. Clair Counties; and Elk Fork, Prairie, Green Ridge, Washington, Flat Creek, Smithton, and Lake Creek Townships; all of Sedalia Township lying South of U. S. Highway 50 and outside the corporate limits of the City of Sedalia, and Precinct 1 of Ward 3 and Precinct 1 of Ward 4 of the City of Sedalia, in Pettis County.

Mr. Harris was born and raised on a farm in Benton County and graduated from high school at Warsaw. He was married in 1949 to Artalee Wheeler. They have five children: Sheryl, Denver, Julie, Marita and Mark.

He worked his way through Central Missouri State College,

Ann Landers

Answers Your Problems

Dear Ann Landers: A girl friend of mine who is 19 plans to be married in the Spring. Last week she and her fiance went shopping for furniture. They bought a bedroom set with twin beds—but only after a bitter argument.

I asked her why she insisted on twin beds when her fiance made it plain he wanted a double bed. She said, "I have slept alone for 19 years and I just can't sleep with anyone."

Will you please tell me what is wrong with a girl who wouldn't even TRY a double bed to please her fiance?—INTERESTED THIRD PARTY.

Dear Party: What difference would it make to you if they slept on an ironing board? When it comes to beds, Dearie, three is REALLY a crowd.

If this girl wrote to me I'd tell her about twin beds with a single headboard, but since she hasn't asked for my advice, I'm keeping my nose out of it. I think it would be wise if you did the same.

Dear Ann Landers: A man I have been going with has a habit that embarrasses me to death.

When we dine out and the waiter brings the check this gentleman makes a big production of changing his glasses, getting out his pen and adding up the bill. If he finds a mistake he points it out to the waiter with the air of a man who has just foiled a bank robbery.

Is it worth the few dollars he saves? (He has yet to find a mistake which gives the restaurant more and himself less.) What is your opinion? Frankly, I find it uncouth.—TOO CRITICAL?

Dear Too: Machines make mistakes and so do people. There is nothing uncouth about adding up your bill before you pay it. If you don't check YOUR bills before you pay them, you aren't very bright.

It is not good manners, however, to make a big flap when a mistake is discovered. You could ask him to soft peddle the large act.

Dear Ann Landers: I am secretary to the sweetest, kindest boss who ever lived. His wife is a neurotic nag who drives both the boss and me crazy with her countless telephone calls.

Yesterday she phoned to tell him the egg man didn't show up, the vacuum sweeper broke down, his mother wrote an unfriendly letter, and she lost a filling from her tooth.

This morning she asked me to call him out of a conference to tell him that the garbage man didn't collect the trash and her bridge club is coming and what should she do.

I think the biggest favor I could do my boss would be to drop his wife a line and explain nicely that her frequent interruptions are a nuisance and to please call him only when it is urgent.

Will you back me up?—FED EDNA.

Dear Edna: No. It is not your place to tell the boss' wife ANYTHING. When he gets fed with her calls he'll let her know. Until then (which may be never) keep your lip zipped.

Education Airlifted In State

COLUMBIA, Mo. (AP)—Flying profs are airlifting education to an expanding number of Missourians.

The University of Missouri says 12,178 individuals enrolled this year for Extension Service courses in their hometowns. University-owned planes have permitted a big expansion in the program.

Instructors travel in automobiles when classes are within one hour's driving time of the campus. Otherwise they are flown to cities to teach a class one or two nights a week.

Tom O. Perrin, conference and short course specialist in the Cooperative Extension Service, says off-campus courses have been conducted by the university for more than 50 years, but "the efficiency has improved, costs are lower and the subject matter has broadened considerably from the early day instruction that was more or less restricted to agriculture."

Years ago arrangements were made with a railroad to transport faculty members for stops along the line to offer instruction from the rail car platforms.

The extension program has expanded so fast that class enrollment has had to be limited, organization of new classes has been put on a priority basis, and administrators are investigating telelecture and television possibilities of meeting demands.

Largest enrollments include 2,039 in agricultural economics, 700 in agricultural engineering, 2,235 in animal husbandry and 648 in field crops.

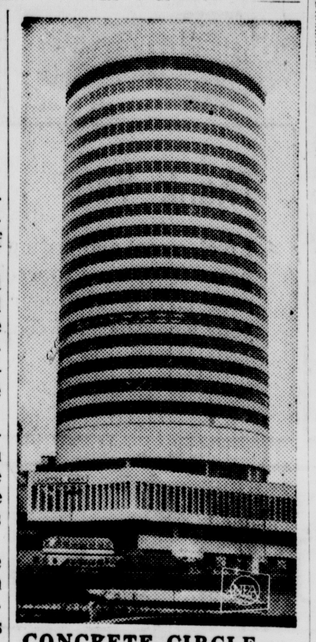

Other courses provide training in professions, human relations, social and community service, cultural activities and reading comprehension.

Perrin says enrollees pay incidental fees and the program is largely self-supporting. Arrangements for courses are made through county extension offices.

A map in his office shows heavy concentration of courses in southeast and southwest Missouri, extending through the central counties and into northeast Missouri.

As examples, some 300 pupils have been enrolled in eight courses at Sikeston, 300 in 13 courses at Cape Girardeau, 285 at Springfield and up to 150 at St. Joseph.

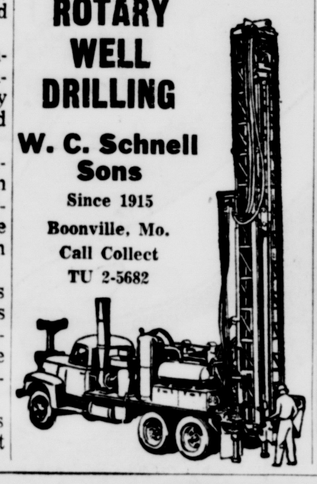

While the educational airlift relies mainly on the Extension Service staff for instructors, other specialists from the university faculty are called in for specific courses. The university also has had cooperation from four of the state colleges in conducting off-campus courses.

Champs Switch Sides

Increased Federal Outlay Gets Some New Supporters

WASHINGTON (AP) — Some of the leading vocal champions of economy have joined in voting for increases in federal spending this year.

And if the trend that has developed during the first three months of the session continues, the 1966 Congress seems likely to increase rather than cut President Johnson's requests for new appropriations and commitments for future spending.

This is despite talk about the need to cut spending because of the threat of inflation and the Viet Nam war.

President Johnson took cognizance of the election-year situation when he told a recent news conference he didn't think Congress will substantially cut his budget, despite talk there of economy.

"We will have a lot of speeches on it," the President commented. "We will have a lot of talking. There will be a good many handouts. They will say he ought to cut the expenditures, but you cut one of these veterans hospitals and see what a buzzsaw you run into."

The President was speaking against a background of many years as a member of Congress — first the House, then the Senate.

Most of the bills involving huge amounts of money still await congressional action, and some of them almost certainly will be boosted beyond what the President requested. They finance programs dear to the hearts of most congressmen, including the school lunch and school milk programs, federal payments to school districts, expanded educational programs, and local public works projects.

Johnson has proposed cuts in many of the spending programs, but Congress appears to be in no mood to go along. This is a congressional election year and 469 of the 535 Senate and House seats will be at stake in the November elections.

Republicans have led the demands for curtailment of spending on new "Great Society" programs and some of the older domestic ones. A few Democrats have joined them in repeated insistence for home-front belt tightening.

Undoubtedly, many more members of both parties have preached the gospel of economy during forays into their home districts.

Among the more prominent advocates of budget-cutting have been Sen. Everett M. Dirksen of Illinois, the Republican leader; Rep. Gerald R. Ford of Michigan, the House GOP chief; Sens. John J. Williams, R-Del.; Frank J. Lausche, D-Ohio; and Allen J. Ellender, D-La.; and Reps. Melvin R. Laird, R-Wis.; H. R. Gross, R-Iowa; Frank T. Bow, R-Ohio; and Paul C. Jones, D-Mo.

All nine of them voted for the biggest boost in spending approved this year. But they were in good company in their support of a bill providing educational and other benefits for veterans with service that started after 1955, when benefits under the Korean GI bill ended.

The bill carried a price tag about $260 million above what the administration had advocated. A compromise measure, it passed the House 381-0 and the Senate 99-0.

Another big budget puncture came on a bill originally designed to raise $6 billion in emergency revenues by restoring excise taxes on telephone calls and automobiles and changing income tax withholding procedures.

The Senate added to the bill — over the objections of Ellender, Dirksen and Williams, with Lausche not voting — an amendment that would have blanketed several hundred thousands elderly persons into the Social Security program at a cost of $790 million.

The House balked, and the result was a compromise costing about $90 million more than the President wanted. Reps. Bow, Gross, and Jones opposed the compromise. Reps. Ford and Laird voted for it. Senators Dirksen, Ellender and Williams supported it, with Lausche not voting.

The tax-Social Security compromise, however, gave opponents of the $90-million increase little choice. There was no way to separate the tax section from the Social Security provision. It was a case of voting for the whole package or voting against it.

On the positive side of the ledger, economy advocates can point to relatively minor cuts in money for two brand-new "Great Society" programs. The House has passed a bill providing only $12 million of the $30 million requested for rent subsidies, and $12 million of the $13.2 million sought for the new teachers corps.

Democrats helped effect these cuts in the House Appropriations Committee. A drive by Rep. Bow to eliminate both funds failed.

Most of the money for the rent, teachers and school district programs is for use only until June 30 of this year.

Some of the House-voted cuts in the temporary measure may be restored by the Senate.

On the two other smaller bills involving spending, the leading champions of budget-cutting were united in their losing opposition. These bills authorized $9.5 million to help finance an inter-American cultural center in Miami, Fla., and $4.6 million to help Alaska celebrate the centennial of its purchase from Russia. The actual cash has not yet been appropriated.

But advocates of budget cutting haven't given up the fight.

Before the end of the session, more than a dozen appropriation bills involving presidential requests for more than $137 billion in new funds and authority to obligate money will be considered. Congress has no control over about $13 billion of the total, the major uncontrollable item being interest on the national debt.

Only one money bill has cleared Congress. It appropriated $13.2 billion in emergency funds to finance the war in Viet Nam until the much larger annual defense bill is considered. No attempt was made to cut it.

Backing up his threat to not spend money in excess of what he asked, the President signed a $126,079,000 Coast Guard authorization bill and said he doesn't want to spend the extra $23 million Congress put into it.

Retain Descriptions

DALLAS, Tex. (AP) — The Dallas Park Board has voted to retain descriptions of other historical events on the marker to be placed on the spot where President John F. Kennedy was assassinated.

The board, rejecting objections of a group which wanted the site to be a memorial only to the late president, said other historic events on the site were also important.

YOU MAY HAVE
PIN-WORMS
AND NOT KNOW IT

Fidgeting, nose-picking, a tormenting rectal itch are often telltale signs of Pin-Worms...ugly parasites that medical experts say infest 1 out of every 3 persons examined. Entire families may be victims and not know it.

To get rid of Pin-Worms, they must be killed in the large intestine where they live and multiply. That's exactly what Jayne's P-W tablets do . . . and here's how they do it:

First—a scientific coating carries the tablets into the bowels before they dissolve. Then — Jayne's modern, medically-approved ingredient goes right to work—kills Pin-Worms quickly and easily.

Don't take chances with dangerous, highly contagious Pin-Worms which infect entire families. Get genuine Jayne's P-W Vermifuge . . . small, easy-to-take tablets . . . special sizes for children and adults.

World News In Brief

LOUISBURG, N.S. (AP) — Three amateur skindivers say they have recovered about $700,000 worth of old gold and silver coins from the wreck of a French pay ship that sank off Cape Breton Island in 1725.

Alex Storm, 29, said he and two companions recovered the treasure last fall from the wreck of the ship Le Chameau — The Camel — after a three-year search that included perusal of archives in Paris.

The Chameau went down with all hands Aug. 26, 1725, off the French fortress of Louisburg on eastern Cape Breton Island. She carried pay for the garrison at Louisburg, one of the strongest French bases in North America.

Storm, a surveyor for the government's Northern Affairs Department, said he and his companions brought the coins up from the wreckage 70 feet under water and carried them in sacks to a local bank. They kept their find secret while coin experts in New York, London and Paris assessed its value from samples.

HONG KONG (AP) — Flood waters and landslides after a night of torrential rain killed at least 16 persons today in this British crown colony.

The rampaging waters swept 10 workmen into a reservoir tunnel. Rescuers found all but one body. A mother and her three children were killed when their house was buried by tons of earth and rock.

Other landslides in Hong Kong's hillside squatter area took three more lives.

The storms dumped eight inches of rain on the colony in six hours.

TOKYO (AP) — Communist China warned Japanese Prime Minister Eisaku Sato today he faces the same fate as Prime Minister Hideki Tojo, who was executed for war crimes at the end of World War II.

The official Peking People's Daily made an unusually bitter attack on the Japanese leader and his Liberal-Democratic party.

Referring to Sato's refusal to permit the visit to Japan of a delegation from the Chinese Institute of Foreign Affairs, the paper said:

"We seriously tell the Sato government: The 650 million Chinese people are not to be bullied. Your forerunner Hideki Tojo ended up in an ignominious death after years of anti-Chinese efforts. If you insist on opposing China, you are heading toward the same destination as Tojo's. What else can you expect?"

The delegation was invited to Japan by the opposition Socialist party, which has made an issue of the government's refusal.

MOSCOW — Russia announced it has "successfully" placed man's first satellite around the moon and beamed the Communist anthem — The Internationale — directly into the meeting of the Soviet Party Congress here. This drawing from an official Communist source shows the satellite, "Luna 10," in orbit around the moon. (UPI)

Blind Woman Severely Burned In Accident

FORT SCOTT, Kan. (AP) — Mrs. Carrie I. Russell, an 82-year-old blind widow, suffered third-degree burns over 60 per cent of her body Tuesday when her clothes caught fire as she cooked bacon for her evening meal.

She was reported in very critical condition at Mercy Hospital.

Mrs. Russell's screams brought a neighbor, Mrs. Nellie Harkness, to the house. Mrs. Harkness said she found Mrs. Russell on the kitchen floor with linoleum burned clear through beneath her.

Mrs. Harkness said Mrs. Russell told her she tried to douse her burning clothes in the kitchen sink.

'Statistical' Crime Wave Hits New York

NEW YORK (AP) — A "statistical wave" of crime has hit New York, says Police Commissioner Howard R. Leary.

The number of reported burglaries and robberies for a 20-day period is nearly double the same period last year.

But Leary says its due only to "more accurate reporting" instituted by him, not a real crime wave.

Decision Is 'Tough' For TV Viewers

By CYNTHIA LOWRY
AP Television-Radio Writer

NEW YORK (AP) — A lot of television viewers had a difficult decision to make Tuesday night. Whether to relax under the spell of Jack Jones' singing and Milton Berle's comedy during the Jones special on ABC — or to take CBS' "National Income Tax Test" and perhaps learn about some overlooked deduction.

With the income tax deadline less than 10 days away and with tax forms and canceled checks all over the desk, it was no contest in this viewer's house. The income tax quiz won handily, as it probably did in the homes of many of the 22 million out of the 67 million taxpayers who have not yet mailed in their returns.

Harry Reasoner was in his usual quizmaster's spot and propounded a total of 31 questions, ranging from well-known regulations to some obscure ones.

Presumably most taxpayers know that they cannot deduct any dollars passed out to panhandlers. But it may have been news to many that although a divorced man may deduct the cost of his alimony, he can not write off payments for the support of his children.

The program was broken into segments. One concentrated on exemptions, another on charitable contributions, another on deductible expenses and still another on deductions involving a home.

One of the most interesting sections posed questions about taxpayers in similar situations but treated differently under tax rules.

Another section showed the complicated automation by which millions of returns are processed and also attempted to dispel the widely held belief that once a return is audited, the taxpayer's returns will be flagged every successive year. Not true, said Internal Revenue Commissioner Sheldon Cohen.

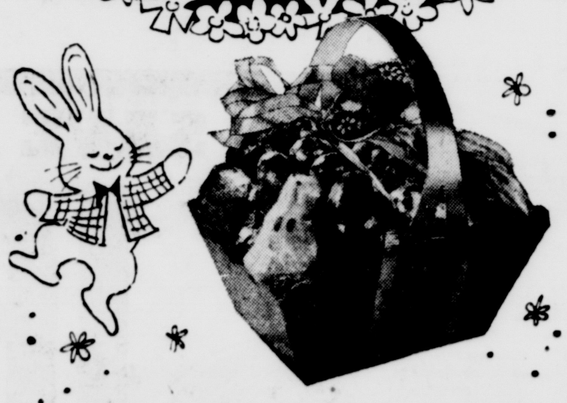

CBS had given the test earlier to a sample audience so that individual viewers could grade themselves against a national average. The sample's average grade, out of a possible 93, was 54 — poor. Only four per cent received a rating of "excellent."

This was the fourth of the CBS quizzes and, by far, its best in terms of production.

If nothing else, the quiz series has showed a lot of us that we don't know as much as we thought we did — about driving our automobiles, our health, our responsibilities of citizenship and filling out our tax returns.

THEODORE A. BROWN — Mathematics teacher in Sedalia, has been accepted as a participant in the Summer Mathematics Institute which will be held on the campus of the Northeast Missouri State Teachers College at Kirksville. Brown will be taking courses in algebra, geometry, probability, and a seminar for mathematics teachers. Brown graduated in 1962 from Wichita University at Wichita, Kan., at which time he majored in Physical Education. Brown is presently teaching mathematics at the Smith-Cotton High School.

Osage Chapter DAR

State Delegates Outline Recent Convention Events

Osage Chapter, Daughters of the American Revolution, met Saturday, March 26, at Hotel Bothwell. A dessert course was served at tables attractively decorated with spring flowers.

Mrs. J. C. Saunders, regent, presided over the meeting and invocation was given by the chaplain, Mrs. A. R. Stevens. Mrs. L. H. Hodges led in repeating the pledge of allegiance to the American flag, the American's Creed and the Missouri Pledge. One verse of the Star Spangled Banner was sung with Mrs. James Bass at the piano.

Special music was given by a trumpet trio composed of students from Smith-Cotton, Victor Stuart, Larry Nuzum, and Dennis Boehne, who played "Trifolium" by Leidzer. Janet Reyburn was the accompanist.

The program for the afternoon was given by the delegates who attended the annual State Conference held in Columbia on March 15, 16 and 17 in the Daniel Boone Hotel. This 75th anniversary was dedicated to Mrs. Clarence W. Kemper, Clinton, Missouri regent, 1964 - 66.

Mrs. John W. Lewis, first vice - regent, Osage Chapter, gave interesting account of the meeting. The opening session of the convention was held in the Ball Room, Mrs. Lewis said, with Mrs. Kemper presiding. The highlight of the conference was the Awards Banquet, she stated, on Wednesday evening, at which Osage Chapter was awarded the gold Honor Roll Award and an award was given for the outstanding scrapbook made by the Junior American Citizens Club of Heber Hunt School. Miss Sue Heckart was chosen the outstanding Junior Member of DAR of Missouri and will go to Washington, D. C. in April to compete with other states. Miss Heckart also served as a page at the convention as did Miss Suzanne Sims.

Mrs. Anna Finch told of the memorial service conducted for members who had died during the past year. This was held in McMurry Chapel, Missouri Methodist Church.

Mrs. C. F. Scotten, national committee chairman of Missouri of Junior American Citizens, gave her report on the convention. She also showed slides taken by her at the meeting.

Miss Suzanne Sims and Miss Sue Heckart told of the many duties they had as pages.

Mrs. John Stapel, Columbia, was elected Missouri regent and among the state officers is one from this area, Mrs. Charles Houx, Warrensburg, treasurer.

The National Defense report was given by Mrs. Herbert Mason and Mrs. Clyde Heynen read the President General's letter.

Hostesses for the afternoon meeting were Mrs. Henry Harris, Mrs. George McCurdy, Mrs. Myrtle Snyder, Mrs. Kenneth Miller, Mrs. James Bass, Mrs. Sam Ross, Mrs. Robert Glass and Mrs. John C. Ryan.

NEW DELHI, India (AP) — Prime Minister Indira Gandhi is ill with flu and has been ordered to take a complete rest for two days, a government official said today.

Mrs. Gandhi returned to New Delhi Sunday after a 10-day world tour that took her to Paris, Washington, London and Moscow.

LONDON (AP) — Peter Townsend, the handsome former airman who wooed but lost Princess Margaret, plans to return to Britain to live with his Belgian wife and three children.

Townsend, 51, will work for a London public relations firm beginning April 13.

Not since 1953 when he met Margaret while an officer in the Royal Air Force has he lived in London. Because Townsend was a divorcee, Buckingham Palace discouraged his romance with Margaret.

She announced that she would not marry Townsend in 1955. Five years later she was wed to Anthony Armstrong-Jones, now the Earl of Snowdon.

After the romance had ended, Townsend told a reporter: "I will never return to Britain. Never."

NEW YORK (AP) — It wasn't the kind of question one would expect from a high school journalist.

Mayor John V. Lindsay had asked the city's high school editors to gather at a news conference Monday and give their views on how the school dropout problem might be curbed.

Louise E. Katzman, 16, one of 150 student journalists, asked:

"Mr. Lindsay, why don't you permit your own children to attend public schools instead of private schools?"

Before the mayor could answer, schools superintendent Bernard E. Donovan replied: "We say pupils should stay in school wherever they are. It doesn't have to be any particular school."

All four of the mayor's children are enrolled in private schools.

LAS VEGAS, Nev. (AP) — Singer Guy Mitchell has taken his third wife, a 19-year-old waitress from Granada Hills, Calif.

The 39-year-old crooner said he married Kathryn Evensen Sunday at a Las Vegas wedding chapel. It was Miss Evensen's first marriage.

Mitchell said the couple plans to leave for Paris after a honeymoon in Las Vegas. He opens an engagement in Paris in mid-April.

New Acting Director Is Named For Group

EXCELSIOR SPRINGS, Mo. (AP)—Grace Phillips, former dean of women at Dillard University, New Orleans, has been named acting director of the Women's Job Corps Center in Excelsior Springs.

Mrs. Phillips was named Monday after the surprise resignation of Dr. Jay Clark. Mr. Clark was not available for comment. Mrs. Phillips, who had been deputy director, declined to comment on circumstances surrounding Clark's resignation.

Clark's work at the center had been commended by corps personnel. He had been with the center about six months.

Teller Refuses 2nd Attempted Holdup

ST. LOUIS (AP)—A woman teller at a loan association, held up last week for $2,456, refused to let it happen again Monday.

A man walked up to Mrs. Marcella Simmons in her teller's cage, kept his hand in his pocket and handed her a note saying:

"This is a hold-up. If you say a word I will kill you."

She replied:

"Show me your gun. Get out of here you little snot."

The man fled.

JOHN THOMAS STANTON, SA, USN, son of Mr. and Mrs. John Stanton of 2201 South Marvin, Sedalia, has recently completed recruit training at the U. S. Naval Training Center, San Diego, Calif., and was home on 14 days leave. John reported to the Service School Command, San Diego on March 29, to start 20 weeks of training in Radio operation and maintenance. After completion of training he will be assigned to a regular duty station.

Forsythe Not Grieved Over Loss

By CYNTHIA LOWRY
AP Television-Radio Writer

NEW YORK (AP)—John Forsythe, sporting a Palm Springs tan and looking like a man without a worry in the world, is not grieving over the impending demise of an unfortunate television effort called, much to his regret, "The John Forsythe Show."

The actor, in New York rehearsing his host's chores on next Sunday night's NBC Telephone Hour, sat drinking iced tea and watching the skaters on the Rockefeller Center rink as he discussed the program as if it were already interred.

The series started out to be the comic adventures of an Air Force major and his devoted sergeant running a girl's school. In mid-season, suffering ratings trouble, the girl's school was suddenly abandoned and the major and his sergeant got into the cloak-and-dagger business with comedy overtones.

"I just don't think we had a hard concept of what we were doing," he conceded. "I guess we were wrong in thinking that the public would be amused by the goings on in a girls' school.

"Kids in the audience were not very interested in seeing other kids, it seemed, and the parents apparently just wanted to forget about kids in school during their television time. Well, by the time the uneasiness spread from the sponsors to the advertising agency to the network to the studio and finally down to us and then we got mixed up in that change of format — well, it was just too late."

Forsythe, whose production company owned 50 per cent of the series, smiled wryly.

"There may be something funny about the public's reaction to a performer who has had one successful series and then goes into a second one. I'm thinking of Robert Young's experience after "Father Knows Best" and Walter Brennan's after all those years in his series. I just don't know, but maybe I had the same thing happen to me after "Bachelor Father."

Anyway, Forsythe's mishap is one of those things that can happen to any actor, and the future looms bright and busy.

Television is only incidental. He is appearing in a film, "Madame X" with Lana Turner and will make another movie next summer. He also will do some summer stock — "Audiences seem to like to see television people in person." He is eager to get back to some work in sports, his first love. Before he had his first Broadway break — replacing Henry Fonda in "Mr. Roberts" — he worked as Red Barber's assistant during broadcasts of Dodger games at Ebbets Field. He has plans for a television series emphasizing the human side of sports.

In the national Nielsen report issued Monday and covering the two weeks ending March 20, ABCs "Batman" — the Thursday night episode — climbed into the No. 3 position among the top 10 shows. Its estimated audience was exceeded only by NBC's "Bonanza" and CBS' "The Lucy Show." The Wednesday night episode was No. 22 on the list.

Other programs in the top 10 were NBC's Danny Thomas special, CBS' Red Skelton show, Beverly Hillbillies, Andy Griffith Show, ABC's Bewitched, CBS' Gomer Pyle and Green Acres.

Defects Repair Costs To Be High

DETROIT (AP) — Chevrolet Division of General Motors plans to spend about $3 million to repair accelerator defects in 1964-65 model cars.

A spokesman said Monday the firm had issued a call to owners of 1964-65 Chevelles and 1965 Chevrolets with Powerglide transmissions to bring them into dealers for repairs on throttles that reportedly stick. He said a splash shield would be installed free on all cars.

Unofficial estimates put the cost at $2 per car, or $3 million for the 1.5 million vehicles on the nation's roads.

The spokesman said Chevrolet had received reports of snow or slush causing accelerators to stick. However, he said the company had no reports of "personal injuries resulting from the fewer than half a dozen cases" involving such incidents.

"This happened only in heavy snow or slush at around 32 degrees," he said. Installation of the shield, he said, would "prevent slush from packing around the throttle linkage."

Asked about the large number of cars recalled, the spokesman said: "Regardless of the number of incidents involved we take corrective action as the need indicates."

He declined comment on whether Chevrolet would assume responsibility for possible damages.

The spokesman also declined comment on auto industry critic Ralph Nader's remark that the auto companies be required to notify the federal government anytime a defect was found in a large number of cars of one model. Nader made the suggestion to a Senate committee that now is studying President Johnson's highway safety bill.

More Missions Waiting For Lady Bird

JOHNSON CITY, Tex. (AP) — Lady Bird Johnson was home on her own LBJ Ranch today after four days of touring Texas, and she still had some beautification-conservation missions on schedule.

The first thing the traveling First Lady wanted to do was check up on the wild flowers she had planted around the ranch.

She'd seen plenty of wild, spectacular scenery in the Big Bend country of southwest Texas, and now she's quietly taking a look at her own home beautification efforts.

Mrs. Johnson flew to the ranch Monday afternoon with Secretary of the Interior Stewart L. Udall and George B. Hartzog Jr., director of the National Park Service, who went along on her Texas tour promoting one of the biggest of the nation's parks.

They were to join Mrs. Johnson and her daughter, Lynda, 22, in a tree planting in the President's home town here this afternoon.

Flag Desecrators, Downgraders Should Be Given Passport

WASHINGTON (AP) — Rep. Durward G. Hall, R-Mo., said Monday persons who downgrade the United States and desecrate its flag ought to be given one-way passports to North Viet Nam, Red China, Cuba or Russia.

Hall told the House such persons should try living in a Communist country "where dissent responsible or otherwise is a sure ticket to the execution chamber."

Calling attention to the demonstration last week in Cordele, Ga., where an American flag was pulled down and torn,

"Surely, the time has come," he added, "for the U.S. Attorney General to crack down on the motley array of draft card burners, flag descrators and others who make public exhibitions of their contempt for law and order, but even more importantly their contempt for the symbols of our freedom. and said this was the last straw "in a series of treasonable acts."

Prince Gets Model Of James Bond's Car

LONDON (AP) — Six-year-old Prince Andrew will take delivery in a few days of an $11,000 model of James Bond's souped-up sports car, complete with toy machine guns, bulletproof windshield, two-way radio and rear radar.

The car will be a gift from Aston Martin, who made the original for the movie "Goldfinger."

Prince Andrew's parents, Queen Elizabeth II and Prince Philip, saw the midget car in action Monday when they visited the Aston Martin plant in nearby Buckinghamshire.

The prince, third of the queen's four children, will use the car around the grounds of Windsor Castle. Electrically driven, it can go six miles an hour. Its radar system operates over a radius of three miles.

West Central Garden Clubs Meet In March

The West Central District of Federated Garden Clubs of Missouri held its spring board meeting Thursday, March 31, at Sedalia, with Mrs. Robert Neal, Warrensburg, district director, presiding.

Plans were made for attending the State Convention which will be held in Marysville June 1, 2 and 3.

Mrs. Leland Hoback, Windsor, reported on the Flower Show School, Course I, to be held June 8, 9 and 10 at Warrensburg, which will be jointly sponsored by the West Central District and the Department of Agriculture of Central Missouri State College. All Garden Club members wishing to, may attend whether for credit or for information. Fees for the course are $6. Registration will begin at 8 a.m. June 8 in the Grinstead Building on the campus. Instructors for the course will be Prof. John D. Schatz from Southwest Missouri State College, Springfield, and Mrs. H. Fulton Murphy, an accredited instructor from Pine Bluff, Ark. They will teach horticulture, flower show practice and flower arranging.

Following the lunch an informative program on Garden Therapy was given by Mrs. Glen Slagle of Hickman Mills, District Garden Therapy chairman.

Those attending from Sedalia were members from Garden Clubs No. 1, No. 6 and No. 8.

Uncover Mass Grave

BERLIN (AP) — A cellar excavation in Frankfurt has uncovered what experts believe is the mass grave of Swedish troops killed more than 300 years ago. The site is near a moat that surrounded the city before Swedish King Gustav stormed the city and destroyed it in 1631.

OBITUARIES

Anna Claire Fariss (St. Louis)

Mrs. Anna Claire Fariss, 34, wife of Dr. Bob Fariss, St. Louis, died at Barnes' Hospital there Saturday, April 2.

Funeral services were held Monday at the Parkway United Church, St. Louis.

Mrs. W. G. Green, Smithton, aunt of Dr. Fariss, went to St. Louis to attend the funeral and brought the three young daughters of Dr. Fariss, Katherine, Margaret and Barbara Fariss, home with her for a week.

M. Guy Hardin (St. Louis)

M. Guy Hardin, Sr., 75, 8824 Watson Woods, Crestwood, Mo., died Monday at St. Lukes Hospital, St. Louis.

Surviving are his wife, Mary Hardin of the home and one son, Guy Hardin, Jr. Also one brother, William Load Hardin, Sedalia and six grandchildren. Two brothers, Arthur Dorsey Hardin, Versailles, and Benjamin A. Hardin, Sedalia, preceded him in death.

Funeral services will be Thursday at 1:30 at the Alexander and Son Crestwood Chapel, Crestwood.

Mrs. George Gooding (San Francisco)

Word has been received by relatives in Sedalia of the death of Mrs. George Gooding, San Francisco, Calif., who died at a hospital there March 28.

She was born in Sedalia, Nov. 10, 1893, daughter of the late Mr. and Mrs. E. W. Dugan. She was married to George Gooding, who survives.

Also surviving are a daughter, in Nashville, Tenn.; two brothers, Tom E. Dugan, 519 West Third; George Dugan, Sr., 1631 South Kentucky; four sisters, Mrs. Margaret Ripley, 1104 South Ohio; Mrs. Mary Hilton, 506 West Third; Mrs. Virginia Goode, 1205 South Kentucky; and Mrs. Forrest Neighbors, Edwards.

Burial was in the Cyprus Lawn Cemetery, San Francisco, on March 30.

Jonah Lesson Discussed In Green Ridge

Mrs. Russell H. Miller led a Bible lesson on the Book of Jonah for Ruth Circle, Green Ridge Presbyterian Church, at the home of Mrs. Gertrude Helman, Green Ridge, March 17.

Circle chairman Mrs. Verna Palmer opened the meeting with an article, "From Hong Kong," and prayer. She also read an article, "The Least Coin Adventure." The Least Coin from women all over the world had added up to $37,000 in 1960 and was used for mission work all over the world. To collect this money each woman donates a penny each month.

Mrs. Ralph Stewart gave the Mission Year Book of Prayer service for missionary personnel in the Sudan area, the Presbytery of Fairfield and McClellan, and offered prayer.

Several members plan to attend the Spring Presbyterial at Broadway Presbyterian Church at Sedalia, March 31. The meeting closed with The Lord's Prayer.

Mrs. Helman assisted by Mrs. H. H. Ream served St. Patrick's Day dessert.

The group will meet at the home of Mrs. Ralph Stewart in April.

World Program Offers Contact For Sedalians

Participation in a growing and stimulating program is offered to the citizens of Sedalia and surrounding area through the Sedalia Chapter of People to People of which Mrs. C. J. Chapman, 701 West Broadway is president.

It is an opportunity to be an ambassador of international good will for anyone any age and in any walk of life, and to meet interesting people from other countries. Projects that have proved successful for chapters include hosting foreign visitors, cultural exchange programs, tours and individual contacts by letter and in person with citizens of other lands. People-to-People is a nonprofit organization which promotes international understanding of which General Dwight D. Eisenhower is chairman of the board of trustees. It was he who inspired the organization believing that the best way to bring about peace is for people to know people of other lands.

The Sedalia Chapter has had some rewarding experiences in the past couple of years since it was organized, and hopes to have many more.

Anyone desiring to share in the program may contact Mrs. Chapman, Mrs. T. J. Hopkins, 1506 West Broadway or Mrs. Alvin Heynen, 2017 Fairview Court.

R. L. Settles President Of Optimists

R. L. (Sonny) Settles, 810 West Broadway, salesman, KDRO, was elected president of the Optimist Club Tuesday noon at a meeting held at the Bothwell Hotel.

Officers elected to serve with Settles are Jim Ripley, first vice-president; Tom Delph, second vice-president; Lee Deason, Bill Greer and Ray Simons, directors.

The slate of officers was presented by the chairman of the nominating board, Ed Mitchell.

The meeting was presided over by Wray Schroeder, president, with invocation by Lee Deason. Singing was led by Jim Ripley with Mrs. Lillian Maynard at the piano.

The speaker was Sheriff Emmett Fairfax who was introduced by Dale Bredwell, program chairman.

Sheriff Fairfax stressed the fact that most automobile accidents are due to poor judgement. Watch out for the other car, he told the group.

He pointed out that parents should impress upon their teenagers that cars are a dangerous things, and they can end up in the hospital or even dead.

A film shown by Sheriff Fairfax demonstrated what happened to three Missouri teenagers who thought it couldn't happen to them. Liquor was purchased by one of them, illegally, and after a Saturday in a place in the country where they gathered and spent a few hours playing records and some of them drinking, they started home. With three in one car, two boys and a girl, the driver who had had too much liquor, was driving recklessly.

Then it happened. The driver was killed, the girl so seriously injured she would never walk again perhaps, and John, who had bought the liquor.

He tried to tell himself he wasn't to blame but the court found him guilty of misdemeanor on two counts, the illegal purchase of liquor, and the possession of liquor by a minor, for which he received a year's jail sentence and a fine of $500. This ruined his life for he could not expect to get in college with such a record and he couldn't ever go on with the life he had planned.

The club voted to give $10 toward the sponsorship of the Men's Choral Club.

Tipton Councilmen Have No Opposition

Two Tipton city councilmen were re-elected without opposition in voting there Tuesday.

Eugene Bestgen, representing the west ward, received 80 votes. There was one write-in for Mrs. U. J. Logan.

Glen Dahl, from the east ward, received 61 votes.

The voting was very light since there was no opposition. Both men were elected for term of two years.

In the Moniteau R-6 school election Ernest G. Knipp, receiving 417 votes, was re-elcted a director. William H. Dinwiddie, receiving 389, was also elected. Both men will serve a three-year term. Also running was L. W. Billingsley, who received 266 votes.

The school levy of $2.85 per $100 assessed valuation was approved 353 to 141.

Results of Smithton School Balloting

Incumbent school board members in the Smithton School district were re-elected and the annual tax levy of $2.55 received approval in the election Tuesday. Total votes cast in the district came to 329.

Re-elected were Cloyd Merk, with 294 votes, and E. M. "Mac" Muschany, with 275 votes. Vote on the tax levy ran 233 in favor and 64 opposed.

Get Application For Atomic Reactors

WASHINGTON, (AP) — The Atomic Energy Commission has received an application from Florida Power & Light Co. to build two atom-powered reactors at its Turkey Point site in Dade County, Fla.

The reactors would have a capacity of 760,000 kilowatts of electricity and would cost an estimated $133 million.

Russian Trawlers Make Huge Catches

NEWPORT, Ore. (AP) — A fishing association officer says huge Soviet trawlers are making big hauls of ocean perch off the central Oregon coast.

Cliff Hall, president of the Newport Dungeness Crab Association estimated the daily take at 300,000 pounds. "I think they are wiping out our fishery," Hall said.

Larry Howard, 1114 East Ninth, accused in a state complaint with tampering with a motor vehicle, was bound over to Circuit Court Wednesday and his bond set at $1,000.

Marriage Licenses

Billie Joe Noles, 1821 East Ninth, and Priscilla Ann Wilder, 715 West Seventh.

Police Court

Earl Dewey Dillard, 409 South New York, careless and imprudent driving, pleaded guilty and was fined $5.

Wayne Keith Tucker, Route 4, driving 55 miles an hour in a 40-mile-an-hour zone, forfeited $15 bond.

Francis Swendroski, Knob Noster, petit larceny, pleaded innocent but was found guilty and fined $50.

Michael Sarver, 1601 West Fourth, failure to purchase a city sticker, forfeited a $10 bond.

Police Reports

George David Sanders, 7, son of George Sanders, 660 East 12th, was brought to the police station Tuesday afternoon after being reported lost at 11th and Engineer by Bennie Hatfield, 1115 East Sixth.

According to police, the youngster got lost on the way home from Washington School. The family had just recently moved, confusing the boy.

Debra Potter, 1120 East Fourth, brought to the police station Tuesday evening an overnight zipper bag found in an alley in the 200 block of South Ohio between Ohio and Osage.

Accidents

No one was injured in a car-truck accident at Main and Harrison at 12:04 p.m. Tuesday, however both vehicles were damaged.

Involved were a 1958 Chrysler, driven by Lois Elaine Raabe, 38, Route 3, and a 1951 Ford truck, being backed out of a private drive by Edward Lee Clark, 48, 417 West Cooper.

The right side of the Raabe auto and the right front of the truck were damaged.

Clark was issued a police summons for careless and imprudent driving and is to appear in police court, April 15.

The driver of a car which figured in a one-car accident escaped injury but damages of about $150 resulted to his 1958 Pontiac coach about 12:30 a.m. Wednesday. The accident occurred at the intersection of U. S. Highway 65 and County Route H, two miles north of Sedalia.

According to Trooper Robert Bruce, Michael Duane Gearheart, 18, of Route 3, Sedalia, was driving his car north on U. S. Highway 65 when he lost control of it as he came off of the dual highway onto old Highway 65. The vehicle went off the right side of the pavement and in pulling back he lost control of it. The car went into a skid and off of the highway on the west side of the pavement just north of the cross road. The backend of the car crashed into a highway sign, splintering it.

Parks Citgo wrecker pulled the automobile from the ditch.

According to Trooper Bruce the power steering had broken some time ago and Gearheart was endeavoring to drive it under manual control. He gave the youth a State Patrol summons for operating a vehicle with defective steering to appear before Magistrate Frank T. Armstrong.

No apparent injuries were received in a two-vehicle accident in the 1400 block on South Limit at 9 p.m. Tuesday. Both vehicles involved were driven south on Limit.

They were a 1961 Volkswagon driven by Ray E. Vogel, Route 2, and a 1960 Comet driven by Carol Sue Smart, 418 East 15th. The left front of the Volkswagon and right side of the Comet was damaged.

Heather, Bollinger Clarksburg Aldermen

Jack Heather and Orla Bollinger were elected representatives of the south and north wards respectively in the city election held Tuesday in Clarksburg.

Heather defeated his opponent, Richard Griggs, 18-14, while Bollinger was re-elected unopposed.

Dean Birdsong and Bob Gump were re-elected to the city's school board. The school levy for Clarksburg passed by a vote of 59-12.

have ben returned. Divided as to wards the First Ward has 112 applications; Second Ward, 166; Third Ward, 225 and Fourth Ward, 93. It is most unlikely they will have any effect on the outcome of the election, Jessee claiming to hold approximately 50 per cent of those from his ward and has a 65 vote margin with the unofficial report of Tuesday night. Askren has a 120 vote edge other than the 112 absentees in his ward and Jones has a 299 majority over Wells with only 225 absentees in his ward, while the Fourth Ward absentee votes could not overtake the 334-vote lead of Dugan over Priddy.

The Police Pension plan was defeated with 3,512 votes against it and only 2,529 for it.

The total vote cast was 6,457 on Tuesday with the 596 absentee applications, giving a total of 7,053 persons intending to cast their vote in this general city election, one of the largest votes in several years. Issues such as the Junior College, Police Pension Plan, and the race for school board members was credited with getting out the heavy vote this year.

Junior

(Continued from Page One)

Camp 1,463, and Clarence Frisch, Lincoln, with 1,076.

Besides knocking down the margin of difference, the Cole Camp vote made one change in the election of one of three trustees from the Benton County area. Prior to the returns received from Cole Camp, Alfred Lloyd, Smithton, had 975 votes, making him the third man on the list.

Cole Camp's school district, however, gave Clarence Frisch, Lincoln, 327 votes for a total of 1,159, eliminating Lloyd, who received only 101 votes in the Cole Camp area.

When returns began to flow into the Junior College election headquarters early Tuesday evening, spirits rose as the proposal piled up a sizeable lead.

Then the returns from the Warsaw Reorganized School District came in and immediately put the JuCo proposal in the red. Warsaw's district voted 550 against the plan and 98 for it, returns at 8 p.m. indicated, setting the total at that time at 1,084 against and 980 in favor.

Then, a little later, returns from Lincoln came in, showing 565 persons voted against the proposal in that district and only 29 in favor. That put the plan about 200 votes behind. Sedalia precincts began to report results and the program regained some of its ground.

In the First Ward, the plan carried as follows, with precinct, favorable vote and opposition vote listed in that order: first precinct, 76-12; second precinct, 284-162; third precinct, 359-171; fourh precinct, 300-78.

In the Second Ward: first precinct, 172-25; second precinct, 114-119; third precinct, 219-180; fourth precinct, 174-187. Third Ward: first precinct, 163-129; second precinct, 220-175; third precinct, 192-182; fourth precinct, 275-230. Fourth Ward: first precinct, 211-139; second precinct, 561-133; third precinct, 351-191; fourth precinct, 204-129.

In the out-city areas, the Junior College proposal received its biggest boost in the R-VI Smithton district where voters gave the plan approval by a 208 to 113 margin. In the 14 Pettis County school areas voting, the proposal carried in ten, with the closest margin 8-3 at Tanglenook 39.

The Benton County districts were the trouble spot for the plan, which was defeated 550-98 in the Warsaw district and 565-29 in the Lincoln area.

About 200 absentee ballots were out, officials reported, and, will probably have no effect on current election results. The Junior College proposal needed a simple majority for passage.

Tousled Chamberlain Shows Up

By BOB THOMAS
AP Movie-Television Writer

HOLLYWOOD (AP) — Could it be? Impossible! Yet it was indeed Richard Chamberlain with tousled hair and a week's growth of beard.

"Very simple," he diagnosed. "I had to be neat for so long, I enjoy being unwashed and unshaven for a change."

You see, Richard Chamberlain is Dr. Kildare no more. You may still be seeing him Mondays and Tuesdays on the NBC scalpel opera, but his duties at Blair General Hospital ended with final shooting a month ago.

The reason: poor ratings. This season the series, highly successful as an hour, was bifurcated into a twice-weekly show with disastrous results.

It's now likely that his teenage followers will desert him simply because he had reached the advanced age of 32. At any rate, Chamberlain is aiming for more mature audiences as well.

He appears to have hit the mark in his first engagement after hanging up his smock at Blair. He and close friend Joan Marshall starred in "The Philadelphia Story" in Palm Beach, Fla., appearing in the roles played on the screen by Cary Grant and Katherine Hepburn.

Palm Beach critics rewarded Chamberlain with such phrases as "Fine sense of timing," "Bounce and aplomb," "Handsome and winning."

Now he plans to play "Private Lives" in Ohio and Berkeley, Calif., this summer, provided a movie doesn't intervene. He's aiming for the movie money right now. Television?

"No, thanks," he said. "I have only a year and a half to go at MGM, so that would preclude another series. I hope to avoid another series, anyway. They're pure death for an actor."

Index Is Unchanged

ROME (AP) — Italy's cost of living index remained unchanged in February as compared with January, official statistics showed. It stood at 126.7 — the base for 1961 equals 100 — an increase of 2.5 per cent over February 1965.

Use for Junked Autos

In any discussion of the blight and uglification threatening America, automobile junkyards are usually singled out as a highly visible culprit.

The problem of what to do with used-up autos and all the other metallic jetsam of this industrial society has grown acute in recent years because new steel-making processes require less scrap in the furnaces.

Fortunately, technology very often has a way of solving the problems technology gives birth to. Rather than having to be swept under the national rug by being screened, as President Johnson's beautification program entails, the junkyard may become a vital factor in rejuvenating regions depleted of high-grade iron ore as well as opening up vast new areas.

As revealed by Cooperative Builder, the U.S. Bureau of Mines has developed an economical method of recovering nonmagnetic taconite, "which lies in untold millions of tons" under the soil of Minnesota, Upper Michigan and Wisconsin. The bureau has also discovered deposits in South Dakota rivaling those in Minnesota's Mesabi Range, both in quantity and quality.

In the current recovery process, magnetic taconite is crushed, washed and screened, with magnetic separators picking out the particles of iron. The new process would magnetize non-magnetic ore by fusing it with scrap iron and steel, which is already magnetic.

Simple to describe, years of experimentation were devoted to perfecting the process. The bureau is now building a $3-million pilot plant near Hibbing, Minn.

The new process could also be a boon to Great Lakes shippers. No longer would ore boats need to come back empty from eastern steel mills, says Cooperative Builder. They'd return loaded with junked automobiles.

Looking Backward

TWENTY-FIVE YEARS AGO

Three Democratic aldermen were re-elected and one Republican alderman elected in the city election. Democrats are: E. H. McLaughlin, first ward; H. S. Barman, second ward; and Dr. F. M. Fulkerson, fourth ward. The Republican is A. L. Pringle, of the third ward, a retired Missouri Pacific shops foreman, the first Republican to serve in city council since expiration of the term of Joe Smasal in 1936.

FORTY YEARS AGO

A new $500,000 hotel is to be built in Sedalia. And not only the hotel, but Sedalia is to have in addition a new hospital because the community met the proposal of Hon. John H. Bothwell by raising sufficient funds of $226,600 to meet his offer of $50,000 with a further provision that he will bequeath $100,000 for the use of building a new and modern hospital for Sedalia after his death.

DALLAS NEWS: **1066 — And All That.** — William the Conqueror, a hometown boy from Normandy who made good in England in 1066, is no hero to at least one town in his native French province. The town councillors of Veuveville-les-Bains (pop 353) have refused to put up one cent to honor his memory in connection with the 900th anniversary of his victory at the Battle of Hastings. Reason is that as the Lord of Normandy he imposed a 10 per cent tax on the town — a tax that stuck for 700 years.

The last invader of the British Isles has survived a number of bad marks, including doubt of the legitimacy of his birth. But the memory of outraged French taxpayers seem the most obdurate of all. If the arrangements committee is embarrassed for funds, maybe a free-will offering from the millions of Americans who claim descent from him could make up the deficit.

Just When Things Were Looking Good!

Common Sense of Tax Lore

By David Garfield

As a general rule, for taxpayers other than farmers, the cost of excavating or grading is not deductible. Such items become part of the capitalized cost of the ground; and will offset any proceeds received from ultimate sales.

In a recent ruling, the Internal Revenue Service has liberalized this rule somewhat.

The new rule, announced Nov. 22, 1965, is that excavating, grading, and earth removal costs "directly associated" with the construction of buildings or the installation of paved roadways, can be written off over the life of the building or road to which they relate. In the case of a building, the "life" would be the same period over which depreciation deductions are taken. In the case of grading, it would be over the period normally allowed by Internal Revenue for writing off the black topping itself — 20 years.

The ruling sets forth the general principle, leaving many questions unanswered to await future consideration. Perhaps the most interesting question relates to grading done for purposes of providing drainage away from the buildings, thereby protecting against seepage and flooding. The question is whether such costs will be considered as part of the costs attributable to "general grading" (which must be capitalized as part of the land cost) or whether they will be treated as expenses "necessary" for the proper setting of the buildings" (entitled to write off along with the cost of the building itself).

Your chief engineer can help you figure out the arguments necessary to sustain the latter interpretation, which will normally be the more favorable for taxpayers.

The ruling is not limited to the cases arising after November 22, 1965. Accordingly, there may be some tax benefit with respect to ground costs long since incurred. A proportionate part of all costs which are subject to amortization may be deductible during the current year, even though the costs were incurred years ago. You will be permitted to get aboard on a current basis. In addition, in most instances claims for refund can be filed, based on such deductions attributable to the last three tax years.

In the case of farmers, there is a special and much more liberal rule in the law itself, allowing an ordinary expense deduction (limited to not more than 25 per cent of gross income for the year) for soil-moving expenditures when incurred for the purpose of soil or water conservation on farming land. Any excess over the 25 per cent is allowed as a carryover in subsequent years.

Wallace Goal Eventually Comes True

By JAMES MARLOW
Associated Press News Analyst

WASHINGTON (AP) — Henry Wallace dabbled in astrology, threw boomerangs, liked to wrestle, learned Spanish and Russian in middle age, and he was a dreamer.

But he was one dreamer who lived long enough to see his dream come true. The only trouble was that his dream wasn't nearly big enough, although it seemed too big at the time.

Back in 1944, while Wallace was still vice president, he talked about the years ahead after the war, the need for full employment, and the need for Congress to pass legislation making 60 million jobs possible. The peak for nonfarm jobs that year was 38.4 million.

That was his dream: 60 million jobs some time in the postwar years. But not everyone took him seriously. The reaction of some was: "Oh, that's Henry Wallace talking."

He had hard days ahead.

He ceased to be vice president because the Democrats wouldn't renominate him in 1944 — they picked Harry S. Truman — and then he become secretary of commerce only to be fired from that in 1946 in a dispute with President Truman.

Wallace led a third party movement in the 1948 election, lost, broke with the new party over the Korean war, retired to farming, and gradually the cloak of obscurity enfolded him.

But his dream remained alive. And in 1946 Congress, although pussyfooting around the idea of pledging itself to full employment, passed an employment act which simply said the government had a responsibility for promoting useful employment.

(The act was probably more memorable for something else it contained: for the first time in history Congress went on record as saying the federal government had a responsibility for the general welfare.)

But there never had been any sensible reason for brushing off Wallace's goal of 60 million jobs.

The truth of what he envisioned was simple and obvious enough: the 60-million figure, and many more millions than that, was inevitable as the population of the country multiplied by the millions.

And year by year the number of people and jobs increased.

By the time Wallace died last November the government was reporting that more than 60 million people were employed in nonfarm jobs. With farm jobs added, the total employment figure was even higher.

Tuesday the government announced that the number of people on nonfarm payrolls in March was 61.7 million, a record high for this season.

But when others were added — the self-employed, farmers, and housemaids — the total number of civilians at work in March was 72 million. The number of unemployed was only 3.8 per cent of the labor force.

White Eagle Oil Co. Founder's Widow Dies

KANSAS CITY, Kan. (AP)—Mrs. Mary Virginia Marcell, 91, widow of L. L. Marcell, founder of the White Eagle Oil Co., died Tuesday at the University of Kansas Medical Center. She was a resident of Mission Hills, Kan.

Mrs. Marcell was born in Highland, Kan., and had lived in Mission Hills since 1923. Her father was an early-day settler in Kansas and traveled by covered wagon.

She married Louis Lee Marcell, a pioneer in the Kansas oil business, in 1899. In 1919, he founded the White Eagle Co., which had extensive operations in 10 Midwest states. In 1930, White Eagle merged with the Standard Oil Co. of New York and subsequently became the Midwestern division of the Socony-Mobile operations in this region.

Marcell died in 1950.

Count Shown By Suit Signal

By JACOBY & SON
1965 Vanderbilt Cup Winners
Newspaper Enterprise Assn.

Oswald asks: "What do you think of the practice of a defender telling his partner how many cards he holds in a suit by means of an echo with an even number and playing straight up with an odd number?"

Jim: "It is mighty good policy provided you don't abuse it and let it interfere with your normal signals of high for strength or come-on and low for weakness or try something else."

Oswald: "Also, there is no point in giving a count when it can only help declarer. But, when you aren't going to help declarer and are going to help your partner it behooves you to help him by giving him this count."

Jim: "Here is an excellent example from Dorothy Hayden's book, 'Bid Better, Play Better.' If West happens to lead the queen of diamonds South has no play for three no trump but West makes the normal opening lead of his fourth best heart. South wins and leads a spade. West plays the deuce, dummy the ten and East ducks. Another spade honor is led from dummy and if East has confidence in his partner he steps right up with his ace. He knows that his partner would have shown a doubleton by playing the higher of his two spades on the first lead of the suit."

Oswald: "This is an ideal situation to give your partner a count. West could not possibly help declarer by telling him how many spades he held but he had to be able to tell his partner."

Jim: "Note that once East takes the second spade, South is held to eight tricks. Should he let dummy collect two spade tricks South would make his contract."

Spinach for the Fish

By POLLY CRAMER
Newspaper Enterprise Assn.

Polly

DEAR POLLY—When we have cooked spinach I take what is left over, flatten it out on a piece of aluminum foil and freeze it. I break off small pieces (easy when it is thin) from time to time and it is good food for the fish in my aquarium. This saves money that would have to be spent for other fish food.

FISH LOVERS — Break off only a very small piece or two at a time and see how much the fish will eat. One experienced in fish know-how says not to break off more than they can eat at one feeding.—POLLY

DEAR POLLY — To keep the car seat belt from rubbing my clothes I made a pad of foam rubber, covered with cloth, and place it between the belt and my clothes. — ETTA

DEAR POLLY — My daughter, 9, wanted me to tell you that she uses those plastic trays that tomatoes come in from the grocery as doll beds for her nine-inch dolls. She lines these long plastic baskets with material and her dolls fit in perfectly. — MRS. O. P. J.

DEAR POLLY — Each summer we have to buy several pairs of heavy cooking mitts to use for outdoor cooking. When they become shabby or too thin to be trusted for handling hot objects, I use them for dusting. They are especially nice for our stairway's curving banisters and, with a little dusting spray, I can do the stairs in a jiffy.—LOU

DEAR POLLY—When teaching a little one to button his blouses, shirts, coats and so on always tell him to start buttoning at the bottom, that the bottom button goes in the bottom buttonhole. He will then come out even, but when starting at the top he cannot see so well under his chin. — MRS. F. B.

Democrat Pick-ups

A well known Sedalia couple had tickets to a dinner being sponsored by the Shrine at the Masonic Temple. When they got to the temple they saw cars around and going on downstairs found exactly what they had expected — many people gathered for a dinner — a smorgasbord type affair.

They helped themselves, along with everybody else, and sat down to eat. They knew practically everybody there and were having a real nice time. About halfway through the meal the woman said something to someone near her about the tickets, when did they take up the tickets?

She was told that there were no tickets. This was a covered dish dinner.

She insisted they had bought tickets and they produced them, only to discover that the Shrine dinner for which they had tickets was not that night but the same night the next week.

Right now the husband, realizing they were at a dinner where they did not belong, wanted to leave. But the wife saw no sense in that. They were there, were half through the dinner and might as well finish it. So that is what they did—and then they left. After all, as long as they had gone that far there was no use leaving in the middle of a meal and have what was left on their plates thrown in the garbage. — H. L.

Date Set For First Degree Murder Case

KIRKSVILLE, Mo. (AP)—The case of Bertram Kosmicki, charged with first degree murder in the death of Mrs. Helen Morton, has been set for May 2.

Kosmicki, a 23-year-old airman, pleaded innocent Tuesday in his arraignment before Judge William R. Stewart in Circuit Court.

Mrs. Morton, 56, was found beaten to death in a Kirksville alley the night of Feb. 1. Kosmicki has been in custody since the next day. He is a member of a radar squadron at the Kirksville Air Force Station.

Washington Merry-Go-Round

Reaping Problems of 20-Year War

By DREW PEARSON

WASHINGTON — The administration can give all sorts of explanations for the anti-American demonstrations and anti-Ky riots in South Viet Nam, ranging from high prices to GI's monopolizing taxis, the best night clubs and the most beautiful girls in Saigon. All of these reasons are right. For, even in such modern countries as France, the presence of American troops, usually well-behaved, caused friction.

However, the basic reasons why we should not be in Viet Nam and why many people are sore at having us there, boil down to three:

1. The country has experienced 20 long years of war, eight under the French, twelve under the United States, and is fed to the teeth with war.

2. The country is also fed up with foreigners on its soil, especially white foreigners among yellow people.

3. We have intervened in a religious controversy between Catholics and Buddhists, and whenever an outsider gets mixed up in a religious dispute he wins the ill will of both sides.

On top of this we have helped bring 1,000,000 Catholics from North Viet Nam into South Viet Nam, and no matter what their religion, or the justice of their cause, the transplanting of one million people in a nation of only 14,000,000 is bound to cause friction, job-competition and bitterness. Some observers feel, furthermore, that if a million anti-Communist Catholics had remained in North Viet Nam they would have tempered that nation's Communism.

It was Cardinal Spellman of New York, differing with Pope John's enlightened leadership of the church, who persuaded President Eisenhower to take the first American intervention step, a step broadened by Kennedy and expanded enormously by Lyndon Johnson.

Johnson's Dilemma

No matter how it all started and who started it, however, the fact remains that we are in a position where the United States can't win politically on the international front and Johnson can't win politically on the domestic front for the following reasons:

1. We can't win politically because the more troops we send into South Viet Nam the more we aggravate the conditions which already make us unpopular. We can win militarily. We can occupy the entire nation. But in so doing we nullify the reasons we are there. We also alienate our friends, especially the Japanese, in the rest of Asia.

2. Johnson can't win politically because the more men he drafts, the higher prices at home become, the more he increases taxes to meet the cost of war, the more he undermines his own popularity and that of the Democratic party.

The Republicans are now doing exactly what they secretly decided to do in policy meetings one year ago, namely give Lyndon all possible public support for the war, then criticise him when he failed to win the war—as they knew he was bound to fail. After all, they had the advice of such senior military men as Gen. Dwight D. Eisenhower and Gen. Douglas MacArthur that you could not win a jungle guerrilla war in a strange country 8,000 miles away where the flower of the French Army, supported by billions in American dollars and American weapons had previously already lost.

Rep. Jerry Ford of Michigan, the Republican House Leader, has already started to follow the GOP strategy. Last week he called for the United States to stop the anti-American demonstrations — which is like calling upon the weatherman to stop the drought.

Lodge Warns Washington

Most significant advice sent to Washington recently has come from Ambassador Henry Cabot Lodge in Saigon. This advice is the real reason for the sudden halt of various Senate and Congressional junkets to Saigon.

Lodge has cautioned the White House against making any statements in support of Premier Ky or of sending VIP's, which would indicate support. Statements backing Ky increase his image as an American puppet and make his rule more unpopular and more difficult.

That's how low the American image has sunk in South Viet Nam.

In order to avoid any appearance of supporting Premier Ky, even the Saigon trip of Presidential Assistant Bill Moyers has been curtailed. Moyers was to push the President's vitally important drive for political and economic reform. However, when Ambassador Lodge warned that the leaders of anti-American demonstrations might try to make capital of Moyers' visit, it was delayed.

Lodge has employed the reverse tactics of quiet visits with Catholic and Buddhist leaders, to win political peace. He even appealed to the apostolic delegate to use his influence with Catholic leaders.

The demonstrations, however, continue. Unfortunately they will continue until Ky steps down, and will probably continue even after that. Southeast Asia is in ferment as a result of long years of colonial rule, and won't get over it for at least a generation. The sooner we recognize this the better.

Lyndon Johnson didn't start this war or initiate American intervention. But has has made two mistakes.

Mistake No. 1 was when immediately after his overwhelming reelection in November 1964 he failed to announce that he had a mandate from the people to back his policies rather than Goldwater's and pull out of Southeast Asia.

Mistake No. 2 was when he adopted the very same policy advocated by Goldwater—bombing North Viet Nam. All during the 1964 campaign, Barry had taunted Lyndon with failing to do this. But after defeating Goldwater by the biggest electoral margin in history, the new President proceeded to adopt the policy of the man the American people had repudiated.

Eagle Scouts

Two Receive High Scout Ranking On March 27th

Larry Scantlin, son of Mr. and Mrs. W. F. Scantlin, 1502 South Moniteau, and Victor D. Stuart, 15, son of Mr. and Mrs. Pearl Stuart, 1201 State Fair, received the Eagle Scout rank, the highest rank in Scouting, Sunday afternoon at the Eagle Scout Court of Honor held at the First Christian Church.

Scantlin, 17, is a senior at Smith-Cotton High School, is active in athletics and a member of the Student Council. Having been in Cub Scouting, Boy Scouts four years and Explorer Scouts three years, he has held several positions, president, representative and also was president of the Explorer District Cabinet. He is active in the Order of the Arrow and served two years as counselor at Boy Scout Camp Pa-He-Tsi for two years.

A member of the First Christian Church, Larry has served as president of the CYF and is a junior deacon.

Victor Stuart, 15, has been in the Scouting program since he was eight, when he was a Cub Scout at Horace Mann School. He completed all three rinks in Cub Scouts. He is now secretary-treasurer of Explorer Post 66, a member of the Metab Lodge Order of the Arrow and Indian Dance team of Uncas Chapter.

A member of the First Baptist Church which he attends regularly church services, Sunday School and Training Union.

At Smith-Cotton High School where he is a Sophomore he has been on the "E" list and honor roll and is a member of the Latin Club, Junior Classical League and first trumpet section of the marching band.

In the invitational Music Contest he has qualified at Smith-Cotton and Marshall to enter the district contest at Warrensburg with his trumpet solo, and as a member of a trumpet trio.

Last year he was one of the trumpet trio that played at the State Music Contest and served both semesters on the Student Council.

His favorite sports are swimming, hunting and skating.

The Court of Honor opened with a musical prelude "Soldiers Chorus" Gounod, followed by the candling by Chuck Cover and Don Crank, Boy Scouts. Then the processional, "Pomp and Circumstance" Elgar.

The invocation was given by Dr. Harry Purviance, pastor of the First Christian Church.

William O. Hiatt, Jr., told of the purpose of the court.

The court was opened by Claude Inglish, with the introduction of the court by Ray Hendricks, and the presentation of the two candidates was made by Robert Long.

Introduction of the speaker was by Mike Ballard with Robert Mills giving the "Charge and Challenge."

Presentations were made by Joe Wright assisted by Nelson Pugh and J. R. Fritz.

Benediction was given by Dr. Purviance with the organ postlude by Mrs. J. W. Watts.

Closing taps were by Ken Fine with the echo by Tim Fine.

A reception was held in Fellowship Hall following the Court of Honor.

Student Talent Featured At S-C Assemblies

Smith-Cotton junior and senior high students were recently entertained by two very interesting assemblies.

Junior high students observed S-C talent show on Wednesday, March 23, which is an annual event in the junior high division.

Numbers on the program were a violin solo by Judy Fingland; a piano solo by Sue Bishop; a trumpet duet by Greg Monroe and Gery Sorrell; a vocal duet by Michelle Ferrari and Jack Herndon; a saxaphone quartet by John Cairer, Cathy Binderup, Jeff Summers, Chuck Stanley; a piano solo by Debra Lyles, a vocal trio by Elizabeth Fisher, Cheryl Bechtel, Judy Wallace; a piano solo by Libbie Cain; an accordion solo by Cathy Homan; and two musical numbers by Larry Dority and Glen Finnell.

Thursday, March 24, guest speakers Hank Monsees, Leon Crow, and Barry Williams presented a skit and a discussion of the proposed Junior College. Facts were presented concerning the new plan and questions were asked by the students.

Observes 106th Date of Birth

Charlie Greene, Windsor, reached the age of 106 years March 24. Welcome Wagon Newcomers Club honored him at a birthday party at Windsor Nursing Home, 504 West Benton, where he has lived since April, 1961.

Greene was born in Cortland County, New York, in 1860. When a young man, he went west, helping in building railroads and working on ranches until he reached Arizona. After many years he returned to this area. He says he has been a "Jack of all Trades," and even now wishes he could do work around the nursing home. His hearing is poor, but his mind is alert and his eyesight is unusually good for one of his advanced age.

Mrs. Sam Ferguson, Welcome Wagon Hostess, and the Newcomer Club have made a special celebration each March 24 for the past five years for Greene, since he has no known living relatives. His favorite cake, German's chocolate, was baked by Mrs. Kermit Holley, and was decorated with pink and blue candles. Decorated cup cakes, baked by Mrs. Clyde Gerber, were served to all the nursing home residents. Greene insisted that his roommate, Eugene Dawes, share in all the festivity as he was 85 years old on March 22. Mrs. Norman Powers, rest home manager, and her assistants served coffee from a birthday decorated table.

Greene enjoyed opening presents of clothing brought to him by Newcomer members and remarked that "he would have to get up early in the mornings to wear them all out."

Others helping Mrs. Ferguson with the celebration included Mrs. Edith Steele, Mrs. T. T. Smith, Mrs. Melvin Poundstone, Mrs. O. P. Wells, Mrs. Edith Marshall, Mrs. Charles Rohrs and Mrs. Everett Lipscomb.

Oddsmakers Bowled Over

Koufax, Drysdale Have To Catch Up With NL Hitters

By DICK COUCH
Associated Press Sports Writer

Sandy Koufax and Don Drysdale bowled over the baseball oddsmakers without throwing a pitch. All they have to do now is catch up with the National League hitters.

San Francisco sabotaged the Los Angeles aces' spring debut Tuesday, roughing them up in a 7-2 exhibition victory over the Dodgers. Koufax and Drysdale were clipped for six runs and 10 hits in their first competitive appearances since they ended a 32-day salary holdout last Saturday.

The Giants salvaged the last game of a three-game spring series with the world champions while Las Vegas gambling experts were installing the Dodgers as 2½-1 favorites to repeat in the National League. San Francisco had been the best bet, at the same odds, before the Dodgers finally signed their pitching mainstays for a reported total of $245,000.

In Tuesday's other exhibition play, the Chicago White Sox edged Cincinnati 2-1 on Gene Freese's run-scoring single in the 17th inning, the New York Mets blasted Detroit 11-2, Baltimore outslugged Boston 11-6, Atlanta nipped Pittsburgh 5-4, Cleveland trimmed the Chicago Cubs 8-5 and Philadelphia blanked St. Louis 2-0.

Jim Hart drove in four runs with two homers, leading the Giants past the Dodgers at Mesa, Ariz. Drysdale, who pitched the first three innings, yielded four runs on five hits, including a three-run homer by Hart. Tom Haller homered off Koufax, who worked the middle three innings and gave up two runs on five hits.

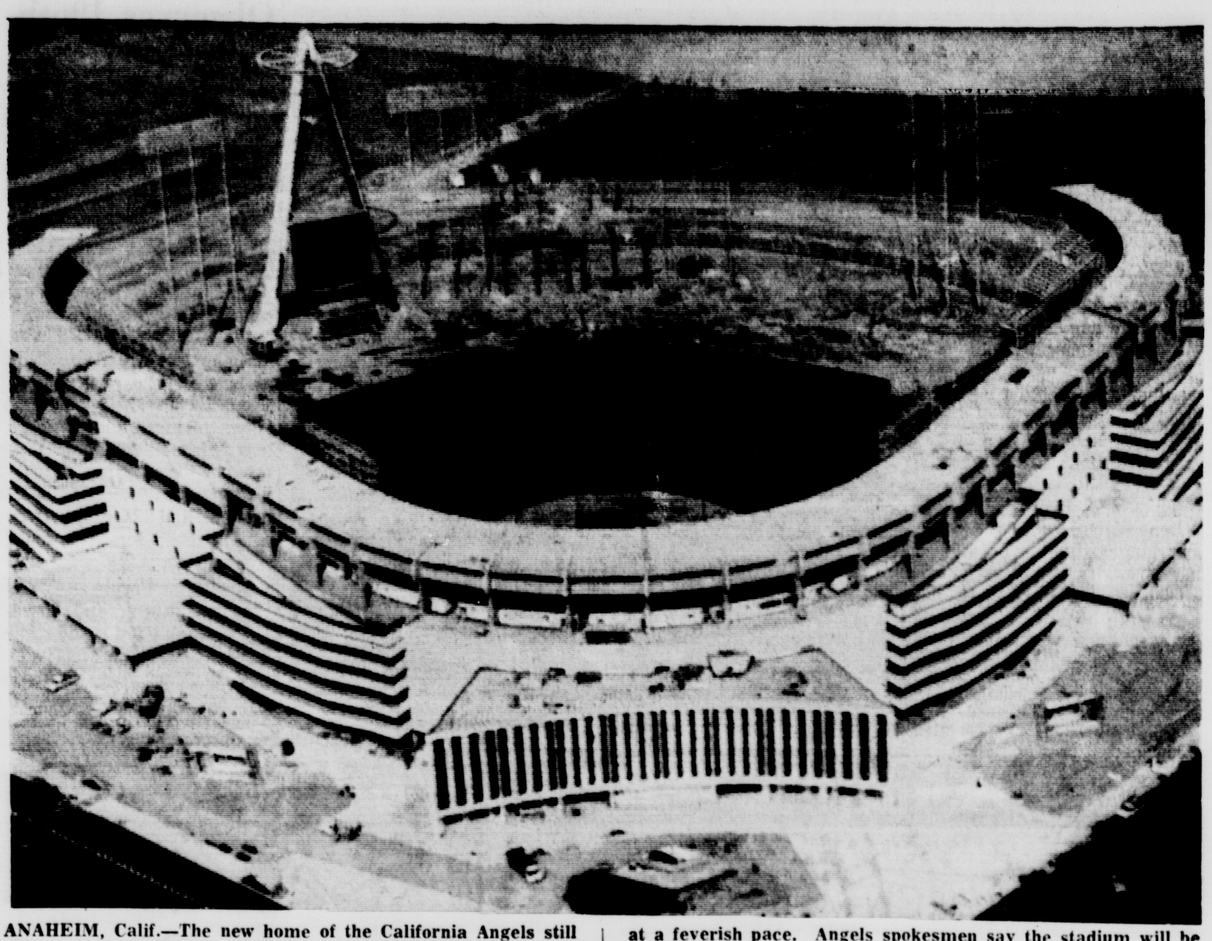

Hart hit his second homer off Johnny Podres in the seventh.

Willie Mays, who missed the two weekend games between the clubs because of a sore wrist, played seven innings and had a single in four at-bats.

The White Sox, who lead the exhibition standings with a 19-6 mark, rallied with two out in the 17th against Cincinnati, breaking the 1-1 tie on a walk to pitcher Bruce Howard, Tom McCraw's single and Freese's hit. The game consumed 4 hours, 21 minutes and 41 players saw action.

Home runs by Dick Stuart, Ken Boyer, Ron Hunt and Jerry Grote led the Mets' barrage against the Tigers. Curt Blefary hit two homers, for a total of four in two days, as the Orioles pounded the Red Sox.

Denis Menke doubled in the seventh inning and scored the deciding run for the Braves on Woody Woodward's single. Tony Martinez sparked the Indians' 12-hit attack against the Cubs with three singles. Ray Herbert and rookie Grant Jackson scattered nine hits in the Phillies' victory over St. Louis.

ANAHEIM, Calif.—The new home of the California Angels still shows signs of efforts to rush it to completion in time for opening game. Work was slowed by a labor dispute but is now back at a feverish pace. Angels spokesmen say the stadium will be finished on time. The "halo"-topped scoreboard is at upper left. (UPI)

Cindermen Split Pair With Clinton

The Smith-Cotton varsity and B track teams split a dual meet with the Clinton Cardinals at Jennie Jaynes Stadium Tuesday afternoon with the varsity losing 66-52 and the B team cindermen winning their portion of the meet 68-40.

Clinton swept the 440-yard dash and both the 880 and mile relays in the varsity events. The Tigers managed six first places in the 14 events.

In the B team meet, Smith-Cotton grabbed seven firsts in 12 events including the 880-yard relay. The junior varsity Tigers swept the mile run and the 180-yard low hurdles.

Results of the varsity meet:

'Many Could Win'

Nicklaus Denies Easy Win Claims

AUGUSTA, Ga. (AP) — Jack Nicklaus, the Ohio golfer who will be trying for an unprecedented second straight Masters victory, scoffs at .claims he has the golfing plum all wrapped up.

"That's a lot of baloney," Nicklaus said before a final tune-up for Thursday's start of the 72-hole grind over the Augusta National course.

"A lot of golfers can win this thing," the 26-year-old Golden Bear said. "A couple of bad breaks can ruin you. Most of the time this tournament is lost, not won.

"The player who doesn't make any mistakes is the player who wins."

He predicted a score of 278 would be good enough to take the title.

That is seven strokes above the record set last year by Nicklaus, who fired rounds of 67-71-64-69 in one of golf's most dazzling exhibitions.

Nicklaus conceded the hilly, 6,980-yard course is long enough to eliminate some of the 104-man field.

He doesn't think, however, that Doug Sanders, hottest player on the 1966 tour with three 1965 triumphs, is out of the running because he isn't a long driver.

"Doug hits the ball as far as Gary Player and Player's record speaks for itself," said Nicklaus. "If you look in the records you'll find most of the winners of the Masters weren't long hitters."

Nicklaus singled out Arnold Palmer and Player — the other members of the Big Three who have won every Masters crown since 1960 — as his leading rivals. As an afterthought, he tossed in the names of Sanders and Bruce Devlin, the lanky Australian who collected $67,000 on the tour last year without winning a tournament.

Player, the 1961 titlist, said he is "hitting the ball reasonably well although I haven't scored real good."

Palmer, who won the Masters in 1958, 1960, 1962 and 1964, has been working on his approches and putting.

"My short game is as bad as it has been for quite a while," he said.

Little chance is given an outsider to crack the Big Three's domination of the Masters, but Ken Venturi said it would come as no surprise to him if a dark horse won.

'Stomper' Again Comes Out Winner

The Viking came to town, Tuesday night, with the best intentions of bolstering his ratings around these parts, but departed a victim of William "The Stomper" Romanoff — just like Bo Geigel last week. The Stomper made a comeback from losing the first fall to the Viking to take the final two and win the match on the regular American Legion wrestling card.

The Viking took the opening fall with a series of body slams after four minutes and 50 seconds; the second fall went to Stomper who returned the favor with body slams and back breaker then a press in five minutes and 10 seconds and took the final fall in six minutes and 10 seconds using flams, a stomp or two and then a press.

Opening the evening of wrestling entertainment with Bulldog Lee Henning meeting Tor Kamata in a two out of three fall event. Kamata took the first fall after 14 minutes and 10 seconds beating Henning down with his Japanese chop, a series of slams and press. Henning making some fast action in the second period won the fall in three minutes and 30 seconds with body slams and press. He won the final fall over his Jap opponent after 10 minutes and 50 seconds with his famous knee drop, body slams and press. This gave Henning a win over both the Japanese contenders in the past two weeks.

The tag-team event saw Oki Shikina substituting for Bob Brown who was hurt in a match this past week. He teamed with Kenny Mack against Ronnie Reed and Jerry Kozak.

Reed and Kozak made quick work of the event with Kozak drop kicking Mac and following up with a Sibus hold to win in 16 minutes and 50 seconds.

In the second period Reed applied his stepover leg lock on Shikina and won the fall in 29 minutes and 40 seconds.

Barry Gets Maximum Votes For Team Spot

NEW YORK (AP) — Rick Barry of the San Francisco Warriors received the maximum nine votes today in the annual National Basketball Association Coaches poll for the League's All-Rookie team.

Barry earlier this week was named Rookie of the Year in an NBA poll of sports writers and broadcasters.

Other freshmen named to the All-Rookie team were Bill Cunningham of Philadelphia with eight votes, Tom Van Arsdale of Detroit with six, and Dick Van Arsdale of New York and Fred Hetzel of San Francisco, with five each. The Van Arsdales are twin brothers.

Youngster Takes First In Tourney

ROCHESTER, N.Y. (AP) — A tall blond teen-ager from Williamsport, Pa., made his debut in the American Bowling Congress Tournament with a first place in regular all-events play.

"I don't believe it," 19-year-old John Wilcox said Tuesday, as he reflected on his nine-game total of 2,004.

The 6-foot, 163 - pound lefthander started Monday with a 673 series in the team event. He came back Tuesday with 613 in the doubles and 718 in the singles.

His all-events total, which averaged more than 222 per game, included 63 strikes.

Bob Menendez of St. Louis, who had held the regular all-events lead for a week with 1,961, dropped to second place.

Wilcox nearly knocked off the singles lead too, but left the 3 and the 10 pins standing on a crusial pitch in the final frame of the singles.

His 250-219-249 singles effort was good for third place, however.

Ernie Koche of Chicago continues to dominate that division with 728.

Wilcox's total is the third highest all-events score rolled by a southpaw in ABC history. Fred Foremsky of El Paso, Tex., set the record for left-handers when he amassed 2,024 in the classic division in 1964.

Tom Hathaway of Los Angeles took only 1,922 pins to win last year's all-events crown.

There were no threats to the leaders of the team division or the doubles.

Patriots Over S-C In Contest

The Smith-Cotton Tiger baseball team lost a non-conference game to the Truman High Patriots of Independence at Liberty Park diamond Tuesday by the score of 6-2.

Starting pitcher Steve Lewis for the Tigers held the Patriots in check for the first three innings by retiring the side in order in each inning. However, in the fourth, the visitors cracked the ice against the Tigers who had possession of the lead by two runs after the second inning.

In the opening inning, the Tigers put together the game's first tally with a leadoff triple by center-fielder, Barry Morton. Morton was then able to score after a caught fly ball to center field off the bat of Russ Cusick.

The other Tiger run, in the second inning, was in the person of catcher Ray Murray who reached base on an error on Tucker, Independence's second sacker. Three successive singles by Steve Morris, Steve Lewis and Morton were sufficient to send Murray across the plate.

Truman's game-tying runs crossed home plate in the fourth on two hits. The two lead-off men for Truman, Wright and Wise, each reached base, on an error and a single respectively. Both players scored when Tucker singled and another S-C error was chalked up.

In the sixth inning, the Patriots scored the remainder of their six runs after one out was recorded. Tucker started things off with a single followed by an error which allowed Calfas to reach base, putting two men on. A sacrifice by Norman moved the runners over a base and three singles in a row spelled the end of Truman's scoring and the end of the game for the Tigers.

The Tigers were presented with several opportunities to up their total before the game's end. In the fifth, sixth and seventh innings the Bengals put men on second and third base and in two innings loaded the bags. However, they were unable to capitalize on the situation.

Dodgers Are Favored For Pennant In '66

LAS VEGAS, Nev. (AP) — Pitchers Sandy Koufax and Don Drysdale are back in uniform, and the Los Angeles Dodgers are 2½-1 favorites to win the National League pennant.

Las Vegas oddsmakers listed the odds Tuesday as: Dodgers 2½-1, San Francisco 3-1, Cincinnati 5-1, Pittsburgh 6-1, Atlanta 8-1, St. Louis 15-1, Chicago 50-1, and Houston and New York 100-1.

In the American League, Baltimore and Minnesota are cofavorites at 3-1, New York and Detroit 5-1, Chicago 6-1, Cleveland 8-1, California 20-1, and Boston, Washington and Kansas City 100-1.

Big Leagues Trim Their '66 Rosters

By ED SCHUYLER JR.
Associated Press Sports Writer

It was a busy cutting day as major league clubs continued to trim their rosters to reach the 28-man limit by the opening of the baseball season, and several veterans felt the axe.

The Cincinnati Reds delivered the hardest blow against veterans Tuesday by sending three of them to the minors and asking waivers on another — pitcher Roger Craig.

Craig was placed on waivers for the purpose of giving him his unconditional release.

The 35-year-old right-hander previously played with the Los Angeles Dodgers and the New York Mets. He was 1-4 with tne Reds last season.

Sent to Buffalo on a 24-hour recall basis were pitchers Jim Duffalo and Dom Zanni. Outfielder Charley James, a member of the 1964 world champion St. Louis Cardinals, was sent to the Reds' minor league camp for reassignment.

Southpaw relief pitcher Bill Pleis, a five-year Minnesota veteran, was sent to the Twins' minor league training base for reassignment as was infielder Frank Quilici, who joined the Twins in mid-season last year and wound up as their regular second baseman in the World Series.

Another veteran sent down was New York Met catcher Chris Cannizzaro, like Craig an original member of the team. He was traded to Richmond for outfielder Don Dillard and an undisclosed amount of cash. Dillard then was sent to the Mets' minor league camp for reassignment.

Smith-Cotton Tennis Team Down In Defeat

The Smith-Cotton tennis team was soundly defeated by a Columbia Kewpie squad on the Liberty Park courts Tuesday afternoon in a match which saw the visitors win every game. The final score was 7-0.

In singles play John Tensley of Columbia defeated Kenny Fine 6-0 and 6-2; Arthur Jeffrey defeated Doug Dickman 6-1 and 6-1; Scott Kiehl defeated Charley Norris, 3-6, 6-2 and 6-3; Charles Dorrell defeated Bill Maunders 6-0 and 6-1; Charles May defeated Dave Schmidle 4-6, 6-3 and 6-3.

In doubles action, Tensley and Kiehl overcame Fine and Dickman 6-2 and 6-3, while Norris and Maunders lost to Jeffrey and Dorrell 6-0 and 6-2.

Next play for the team will be in Marshall, April 12, against the Owls.

$26,250 Bill Waits For Cassius

MIAMI, Fla. (AP) — Cassius Clay, who boasts of the money he makes as heavyweight boxing champion, has until 5:30 p.m. Thursday to come up with $26,250 or go to jail for 30 days.

He was found in contempt of court Tuesday after he failed to show up in court and make at least an installment on the alimony he owes his pretty ex-wife, Sonji.

At first Clay's lawyer had told Sonji's attorneys he had two checks for part of the money Clay owes—$22,500 in fees and $2,500 for two months' alimony.

One of the checks was written on Islam Temple 2 in Chicago.

But one of Sonji's lawyers turned the offer down because "Cassius already bounced one on her for $1,250."

Two deputy sheriffs were already on the road with an arrest warrant when Clay's lawyer worked out a compromise with the judge and Sonji's layyers.

The compromise gives Clay until 5:30 p.m. Thursday to pay $26,250—$22,500 for her lawyers, $1,000 for the expense of two hearings that Clay did not show up, $2,500 to cover the first two months alimony and $250 for Sonji's expenses in getting to the hearing.

Clay's lawyer said Clay would get the money.

Fehring Named To Succeed Head Coach Barnes

HAMILTON, N.Y. (AP) — William P. Fehring, baseball coach at Stanford University, will succeed Everett D. Barnes, director of athletics at Colgate University, as president of the United States Baseball Federation.

Fehring, chairman of the Olympic Games Baseball Committee, is to complete Barnes' term, which runs until January 1969. Barnes has been president of the federation since it was formed in 1963. The federation is regarded as the national governing body of amateur baseball in the United States.

Colgate said Tuesday Barnes was resigning because of the press of other duties.

Barnes is president of the National Collegiate Athletic Association, a member of the board of directors of the U.S. Olympic Committee, and chairman of the latter's transportation committee for the 1968 Olympics.

Baseball Trial Will End Today

MILWAUKEE (AP)—A trial that baseball lawyers say could crack the foundations of the game comes to a close today, five days before the opening of the 1966 major league season.

Only final arguments in the case of Wisconsin vs. the Braves and the National League remained to be heard before Circuit Judge Elmer W. Roller began writing a decision.

Judge Roller is expected to rule before opening day—April 11—whether the Braves and the league violated Wisconsin's antitrust laws by stripping Milwaukee of major league baseball.

If he rules they did, he may include in his judgment an order directing the Braves to return to Milwaukee. Braves officials insist this would mean bankruptcy.

Judge Roller will have closing briefs and thousands of pages of testimony from the six-week trial to study before deciding the case, which one league attorney said was "an attack on the whole structure of baseball." Another argued the case could lead to the "ruination of baseball as we know it."

Should the Braves and the league lose, an appeal to a federal court is a foregone conclusion.

Smith, Scully Get National Awards

SALISBURY, N.C. (AP)—Red Smith and Vince Scully received the National Sportswriters and Sportscasters Association's 1965 national awards Tuesday night.

Smith, sports columnist for the New York Herald-Tribune, had won the award four times previously. It was the first National NSSA award for Scully, who broadcasts for the Los Angeles Dodgers.

Best Season Yet

Only Two Teams Are In 'Red' This Year

By JIM VAN VALKENBURG
Associated Press Sports Writer

Big Eight baseball teams are having their best season in seven years against outside opponents, with only two teams in the red. A lot of top talent from 1965 returns and a hot title chase is likely.

The league's record is 30 victories and 21 defeats, despite a pair of losses Tuesday by Missouri and Kansas. This is the best since 1959, when the Big Eight won 33 and lost 12, including Oklahoma State's sweep to the NCAA championship. The title race opens Friday.

Missouri's defending league champions were beaten 9-8 in the last of the ninth at San Antonio by St. Marys, a 7-4 winner over Kansas last week. Gene Stephenson, whose hit beat West Texas State 2-1 Monday night, led Missouri with 3-for-3. Bob Robben had a single and triple and Barry Lubeck two doubles.

Sophomore Mike McFarland took over for starting pitcher Jerald Hurt, knocked out in a fifth-run third which gave St. Marys an 8-3 lead. McFarland did an excellent job but was tagged with the loss in the ninth.

Missouri's record is 3-3 going into today's game with Fort Sam Houston, last one of the trip. Coach Hi Simmons has done a lot of experimenting and there have been some bright spots, but the loss of Ron Coleman with a broken left arm against Texas A&M was a blow. Coleman was hitting 8-for-15 in centerfield. He was MU's top basketball scorer.

Kansas was beaten 6-3 by Trinity of San Antonio, a 9-3 club which beat Missouri 9-1 last week. The Jayhawks cancelled today's game with Texas at Austin and returned home with a 5-2 record. Injuries to pitchers Fred Chana and Sandy Buda dimmed the good record.

A throwing error with the bases loaded permitted three Trinity runs.

Bob Evilsizer, a little sophomore infielder, led Kansas with 3-for-3 and two runs batted. Bill Fenton had a single and double.

Nebraska's 1965 runner-up club opened with a 4-1 record, including three of four against a good Houston team. Colorado is 5-1 against a weaker schedule, but this included a doubleheader sweep at Texas Western. K-State won 7 of 11 games on its southern swing against Baylor, TCU, SMU, Abilene Christian and Arkansas — probably the league's toughest schedule.

Oklahoma State is 3-2, all against Houston.

Iowa State is 1-3, all against a highly-rated Minnesota team. Oklahoma stands 2-5, losing two to tough Texas, one to Sul Ross and dividing four games with Texas Western.

Ryle Seeks To Quit

KIRKSVILLE, Mo. (AP) — Walter H. Ryle, president of Northeast Missouri State College, has asked to be relieved of active duty on July 1, and his request has been granted, the board of regents announced Tuesday.

I wish to thank everyone for having the opportunity of running for City Councilman. May we all uphold our City Government and think, act and look for the best. I am sure we will have a City with civic pride.

HARRY B. YOUNG

Thank You —

I would like to take this opportunity to express my thanks for your confidence in supporting me in Tuesdays election.

Robert S. Gardner

Thank You!

I want to express my sincere thanks to all who voted for and supported me in Tuesday's Election.

Washington Capsules

WASHINGTON (AP) — A pay raise for 1.8 million federal employes is poised to sail through the House Wednesday.

The plan, held within the administration's 3.2 per cent wage guideline, won informal House approval on a voice vote Monday. A final vote was delayed until Wednesday because no roll calls were being taken Monday and today due to the Jewish holy season.

The new pay rates would go into effect July 1, instead of Jan. 1, 1967, as sought by the administration. Total cost is $593.6 million.

WASHINGTON (AP) — The Federal Reserve Board reports a slowdown in the rate at which American consumers are buying on installment credit. This was good news for officials worried about inflation.

Consumer installment credit grew $537 million in February. The smallest increase since November 1964. The slower rate of rise was particularly noticeable in personal loans and for consumer goods other than automobiles.

Total consumer credit stood at $84.6 billion at the end of February, including $67.1 billion on the installment basis.

Democratic House and Senate leaders meet with President Johnson for more than an hour and later praise the record of Congress.

Mrs. Lindon B. Johnson and Secretary of State Dean Rusk are named to head a delegation to Mexico City to unveil a statute of Abraham Lincoln April 15, the anniversary of his death.

CROOKSTON, Minn. — A man and his dog join dike workers at river site here as men keep a wary eye on ice jams which have choked up the Red Lake River beyond flood stage. Flood perils this town, which is one of first stops Governor will make during tour of disaster area. (UPI)

One-Way Passport Plan Is Advocated

WASHINGTON (AP) — Rep. Durward G. Hall, R-Mo., told the House Monday that one-way passports to North Viet Nam, Red China, Cuba or Russia ought to be given to persons who downgrade the United States and desecrate its flag.

Hall said such persons should try living in a Communist country. He called attention to the demonstration last week in Cordele, Ga., where an American flag was pulled down and torn.

13 RR Cars Derailed

CLARKSVILLE, Mo. (AP)— Thirteen cars on a Chicago, Burlington & Quincy freight train derailed Monday night south of Clarksville.

No injuries were reported.

Social Indoctrination

Unknowing Newcomers Met By 'Prestige Course' Now

WASHINGTON (AP) — Can you use asparagus scissors? Eat an artichoke? Peel an orange with knife and fork? Do you realize "lady" is a poor word choice?

In Washington, you know, or you're out.

Some have dubbed this a jungle of gentility and knowing the game called protocol is vital to survival.

A priestess of protocol is Mrs. Gladstone Williams, a petite, dark-haired, English-born hostess listed in Who's Who and the Green Book, Washington's selective social list.

Concerned over the dilemma of unknowing newcomers, Mrs. Williams started a "prestige course in social protocol" four years ago at Southeastern University, two blocks west of the White House.

Several hundred diplomats and wives from 45 countries and 50 states since have completed one of her eight-week courses.

The names are secret. Mrs. Williams says, "We don't like to embarrass our students.

"There are rules for every phase of diplomatic life. Rules tell you how to eat, what to eat, how to leave calling cards, what to talk about, and how to visit the White House.

"The protocol rules are 150 years old. Some are archaic. But diplomats coming here from other countries expect to follow them, and do—with the White House setting the pace."

Students in her classes, which meet four hours one night a week, learn such things as:

How to entertain with a full staff, how to use calling cards, reminder cards, table decor and settings, how to rank guests, serve wines, set up receiving lines, plan a wardrobe, fashion taboos, how to offer a toast, how to tip at the theater and "wrong words."

These include words like lady —use woman; drapes — use draperies; formal—use evening gown; and tux—don't use it at all.

Mrs. Williams generalizes:

On peeling an orange with knife and fork: "If you'll notice, the Americans at the table barely tackle it."

On attending a reception: 'Put antiperspirant on your hands before the party."

On fried chicken and steak: "Never serve at a formal dinner."

If in doubt about any protocol problem, Mrs. Williams says "a smile in your eyes can get you by. If you look worried, it looks as if you don't know what you're doing. Act confident.

"If you worry too much about whether to do a thing — if you find yourself asking 'Should I?' — then don't do it at all.

"A general rule of thumb is to do anything to make people feel at ease."

Some Items Are More Persuasive

NEW YORK (AP) — Money still talks but up in the executive suites other things sometimes are more persuasive.

Such things as more interesting work, less cut-throat competition among fellow executives, freedom from overemphasis on memo writing, may mean more to a key man than an offer of higher pay if he is thinking of changing jobs.

In an affluent society, with more big-salaried posts around than men with ability or reputation to command them, a lot of companies are reporting trouble these days in recruiting top or middle-level officials.

Today, executive recruiters say, a prospect may turn down a job offering $25,000 more a year if he feels the other company would be less congenial to his tastes, the other industry less fitted to his talents, or even another location less suited for his hobbies.

The typical executive today is well-paid. He probably can furnish most of the things his family craves. Profit sharing, retirement and other benefits ease his present and future state. More money weighs less in his mind today than yesteryear when good jobs were hard to find.

One big company is having trouble getting new men because of its reputation for organizational zeal. "It's report-happy," one man said in turning down an offer, "and I'd rather be judged on performance than on my literary skill."

Thorndike Deland Associates, executive recruiters, reports one key vice president recently turned down a $100,000-a-year post to stay on his present $75,000 job. His reason: he had doubts about the other firm's image.

Still another stuck to his $28,000 post rather than take $40,000 from a larger company. His reason: his firm promoted him to executive vice president (with no pay boost) and he could be a general executive there rather than a production specialist with the larger one.

One of the biggest companies in its field is having trouble getting men, the recruiters say, because of its reputation of being overloaded with "young tigers" fiercely competing with each other. One executive who declined an offer said, "Why should I get into that rat race when I can make almost as much here and not get an ulcer?"

J. Downs Named To Dean's Honor Roll

James K. Downs, son of Mr. and Mrs. A. K. Downs, 600 West Fourth, has been named to the dean's honor roll at Rockhurst College, Kansas City, for the first semester of the school year. Jim is a freshman at Rockhurst and a 1965 graduate of Sacred Heart High School.

Sedalia Students Show

Twenty-three practicing veterinarians throughout Missouri brought 150 high school boys and girls that are highly interested in veterinary medicine to the School of Veterinary Medicine, University of Missouri, Columbia, on March 31. Attending from Sedalia were: Dr. Charles W. Monsees, Route 1; Mike Herrick, 1412 S. Moniteau and Kathryn Lowe, 901 W. Third.

Interpreters Group of CMS Presents Several Readings

A unique program was presented at the dinner meeting of the Sedalia Branch of the American Association of University Women Monday night, March 21, at Holiday Inn by the "Interpreters Group" from Central Missouri State College, Warrensburg, directed by Gregory D. Kunesh, instructor of speech at the college.

The group, composed of Sally Braswell, Sandra Hawkins, Joyce Hunter and H. C. Snyder, each excellent in the type readings they selected to give.

Introducing the group was Sandra Hawkins, who pointed out the theme was "Spring," which is a time for birth and rebirth of nature, a time when children love to get out and plan the vacation close at hand, a time when a young man's fancy turns to love for his car and she read a humorous poem by Ogden Nash on "Kindly Unhitch That Star." The poem pointed out that everybody wants to be a wow and that everybody wanting to get some place they were wearing themselves out trying.

Sally Braswell also gave a humorous reading from "Please Don't Eat the Daisies," a mother's book version of what life was like with her and her husband since they had four children over which they had little control, especially with Christopher, eight, who bumped into furniture, argued about putting all of his clothes in the washer, did that mean his shoes and his belt, and tripping on the kitchen floor when there was nothing there to trip on. Then, when she was having a party, she had cautioned them about not doing this and that, not eating any of the food, but she had neglected to tell them not to eat the daisies in the centerpiece on the table.

Joyce Hunter's poems were more serious and her first was a delightful one on "A Friend Is Someone Who Likes You," it could be anything or anybody, but sometimes you have to find a friend. It ended with "Everyone in the world has at least one friend, where did you find yours?" Another of the poems was "The Great Lover."

Sandra Hawkins gave a reading by Cornelia Otis Skinner on the reactions of sitting on a stage, not as a speaker, not as anything only for the honor, facing an audience that looked like a sea of upturned empty plates. Then trying to concentrate on what the speaker was saying while looking at his back, and all the uncomfortable things that went through the mind.

The last speaker was H. C. Snyder who gave a reading on a paper written by a college student a few years ago on Carl Adolph Eichmann, executed for the murder of millions of Jews, in which was brought out the way all men, like Eichmann, find an accommodating conscience for blaming crimes and things they do on something else, not themselves.

Sandra Hawkins is a junior at CMSC, majoring in theatre; H. C. Snyder is a math major, Sally Braswell is a senior in sociology and Joyce is a graduate assistant teacher in speech working on her master's degree.

This group will be available for programs for organizations in the area this fall Kunesh stated.

The interpreters were presented by Mrs. Bryan Howe.

Preceding the program, Mrs. Jack Cunningham introduced young musicians from Smith-Cotton who gave a musical program which was arranged by Mrs. William Faulkner, music chairman.

The first selection was by the trumpet trio composed of Dennis Boehne, Larry Nuzum and Victor Stuart with Janet Reyburn as accompanist. David Turner played a saxophone solo, with Linda Wright as accompanist, and Kenneth Fine played a trumpet solo, with Cynthia Stauffacher as accompanist.

The meeting was presided over by Mrs. John Zulauf, president, and invocation was given by Miss Catherine Garman.

The program committee was composed of Mrs. Howe, Mrs. James McNeil and Mrs. J. M. Cunningham.

An arrangement of spring flowers was on the speaker's table.

WINTER STRING OF BEAUTIES—Cold weather must stimulate the appetites of fish in Kentucky's Lake Cumberland. Joe Polston, Jamestown, Ky., displays the impressive bass catch he and Joe Smiley, Lexington, Ky., made in 15-degree weather. The four smallmouth in the center weighed 4½ to 6¾ pounds; the two largemouth on either side were 7-pounders. The two anglers cast doll flies and pork rind.

Miss Marie Larkin Merits Art Excellence Medallion

Miss Marie Larkin, St. Louis art teacher, who began her teaching career here under the supervision of Miss Nina K. Slater at Mark Twain School, was honored in Washington, D.C., March 17, by the National Gallery of Art for excellence in art education. Mrs. Lyndon B. Johnson cited some of the accomplishments giving Miss Larkin $500 and a medal designed by Leonard Baskin. Twenty-five educators selected in a nationwide search, received the awards, the first to be given by the National Gallery.

On March 19 there was a reception, conference and dinner at the White House.

Miss Larkin, who was known to her friends as "Skippy," received her doctorate degree in art education from Columbia University and has written some books and many articles for educational periodicals.

She will speak at the National Art Convention in Dallas, Tex., the first week in April and at San Francisco later in the spring.

Miss Larkin calls her last six years in St. Louis "a war against conformity" in art curriculums, according to a feature story in the St. Louis Post-Dispatch by Peggy Swanson.

As general art consultant for the city school system, the story continues, she has come out against:

Teaching art by the "holiday stereotype," from fall leaves on through Christmas.

She explained crayons, workbooks and coloring books can have a stulifying effect on children's expression. Miss Larkin pointed out, too often a child is praised for staying inside the lines. Led to express himself, he colors, and adds to someone else's lines.

Miss Larkin has tried to stir the imagination of pupils, and foster free expression with sensitive guidance, but she doesn't believe in just giving them paper and saying "Express yourselves."

Under her leadership she has interested children in going to the City Art Museum and has initiated a program of putting art reproductions in school buildings and her Pak-a-Pic project in 17 elementary schools giving pupils a chance to take art reproductions home.

"We don't claim that art is the most important subject in the curriculum. The purpose of school is to teach children to read, to write, to handle basic mathematics and to learn to live in a democratic society. But art, well taught, can enhance the learning experience. It can make school more palatable. It can make a history of the Western world far more exciting."

Will Seek Improved Relations

JAKARTA, Indonesia (AP) — Foreign Minister Adam Malik said today the new Indonesian government will return to the United Nations and seek to improve relations with the United States. The apparent object is aid for the foundering economy.

Malik told a news conference that Indonesia's return to the United Nations would "depend on many questions." He did not elaborate.

President Sukarno defiantly announced Jan. 7, 1965, that Indonesia was walking out of the world organization because Malaysia — which Sukarno has vowed to crush — had been elected to the Security Council.

Malik, who replaced pro-Peking Foreign Minister Subandrio last month, said the new government led by Lt. Gen. Suharto would return Indonesia to its traditional foreign policy. This was taken to mean a more neutral course of action.

Malik pointed to the country's near-bankrupt economy in emphasizing the need for improved foreign relations. He said in a reply to a question that relations with the United States have not always been good, but the government would do its best to improve them soon. "We will overcome difficulties existing now," he added.

The foreign minister said there would be no change in the country's attitude toward Red China, but added: "If Peking is not satisfied with our new policy, it is, of course, not our business."

He said Indonesia would continue its undeclared war with Malaysia but would "always be opened for peaceful settlement." Malik told newsmen Sunday Indonesia would reduce its military confrontation with Malaysia once peace talks began.

Sultan Hamengku Buwono IX, deputy premier for economic affairs, told newsmen that Indonesia's economic situation is serious but "not hopeless." He indicated that curing its ills would depend heavily on foreign aid.

The United States now gives no economic aid to Indonesia. Washington began cutting off aid in the early 1960's as Sukarno swung toward Peking and became openly anti-American.

When Sukarno spurned the United Nations last year, he turned his back on $50 million that had been earmarked for Indonesia by such specialized U.N. agencies as the International Monetary Fund. Indonesia had already received $35 million in U. N. aid during 14 years before its walkout.

The price of rice has climbed 30 times in the past 14 months. Indonesia, fifth largest nation in the world with a population of 105 million, has bled its resources of foreign exchange by importing up to $125 million worth of rice every year until last year.

Maj. Gen. Basuki Rachmat, the home minister, said that 18 former members of Sukarno's Cabinet were now under arrest — indicating three more had been detained since the roundup of pro-Communist ministers March 18.

Those attending were: Mr. William DeWitt, Mrs. Harry Sowers, Mr. and Mrs. Grover Gosnell and son, Mr. and Mrs. Don Shipps and son, Mrs. Edward Christian, Mr. and Mrs. Jim DeWitt, Mr. and Mrs. Ralph Lee, Mr. and Mrs. Ellis Glenn and Mr. and Mrs. Walter Eads, all of Sedalia; Mrs. Lula Ussery and Mr. Clay Cundiff of Marshall, Mrs. Thelma Chamberlin of the state of California and Mrs. Mary Hagood, Wentzville.

Scrounging Necessary In Russia

MOSCOW (AP)—Now it's official—The only way to get anything in the Soviet Union is to scrounge for it. And one of the best places to scrounge is in the corridors of a Communist party congress.

Nobel Prize author Mikhail Sholokhov told delegates to the 23rd congress last week that he himself had become an expert scrounger in the Moscow ministries for everything from cowshed roofs to new schools.

Right at this congress, Sholokhov said amid laughter and applause, the delegates are spending as much time as they can lobbying.

"During the breaks," he said, "you go about hawk-eyed in the corridors seeking out ministers and thinking: 'What could I get out of him?' "

Everyone has known for years that you had to know somebody to get something in this country, but this was the highest public acknowledgement of it.

Sholokhov said that when farms in the Rostov region, where he lives, need tractors, for instance, it's necessary to send regional officials to Moscow to "get them by hook by crook."

Then he told of his own experiences.

"I am coming to a minister," he said, and quoted his own remarks:

"Comrade minister, please let me have 3,000 sheets of slate for collective farm cow and calf sheds.

"And he replies, 'Don't you understand that we have a planned economy and under the plan you have already received everything you are entitled to?'

"And I tell him, 'I understand, but the cows, let alone the calves, do not understand why they must get wet in the rain in the autumn and be cold in winter. Roofing slate is not a matter of fashion or beauty, but an economic necessity.'

Sholokhov didn't say just what he was lobbying for at this congress.

Michael Cook Stars In CMSC Production

Michael Cook, son of Mr. and Mrs. Wayne E. Cook, Star Route, Smithton, will have the role of Charley Wykeham in "Charley's Aunt," in the spring production of the Central Missouri State College Drama Department. Performances will be at 8 p.m. April 27-29 in Hendrick's Hall auditorium.

If you are under 35, you may just be getting a good start in life. No matter what kind of hospital insurance you have, it won't pay your household bills and other family living expenses. With rent or mortgage payments, new furniture, clothing bills, and all the other expenses young families have, a serious accident or illness might "wipe you out" financially.

If you are 35 to 65, your children may now be at the costliest stage of their schooling. Your living expenses are probably higher than ever, and your chances of going to the hospital are increasing every year. Read how an Americare "Direct Cash Plan" may keep you from having to dig into your savings if you have to spend weeks—or even months—in the hospital.

If you are 65 or over, you can look forward to having Medicare, but you will still have to pay part of your hospital bills—and you will also have other bills to pay. An American Republic "Direct Cash Plan" can provide money for everyday expenses and also for doctor bills and hospital costs—including private room and private nurse—that Medicare won't cover.

Now, whether you are 25...55...or 85...when you are sick or injured...

COLLECT $52.50 . . . $105 . . . OR $157.50 A WEEK, JUST LIKE WAGES, WHILE IN THE HOSPITAL

Whether you are under 65 and have regular hospital insurance—or over 65 and looking forward to Medicare—it will pay you to read the facts about the new "1-2-3 Direct Cash Plan." Discover how you could go to the hospital and come out with money left over.

What if you should wake up to find yourself flat on your back in a hospital bed—and be there for weeks or even months? Think of all the things that $2,000 or $5,000 or $8,000 in extra spendable cash, over and above your hospital insurance, could mean.

Cash to make mortgage payments. Cash to buy food. Cash to meet car payments—pay for child care—buy gasoline—buy school clothes—pay a tax bill.

The new American Republic "1-2-3 Direct Cash Plan" can pay you badly needed cash every week you are in the hospital, for up to a full year.

This new service of Americare™ is designed to go hand-in-hand with Medicare—or any other health insurance you may now have.

Easy As 1 . . . 2 . . . 3 . . .

Protection under the new American Republic "1-2-3 Direct Cash Plan" is available in individual protection "units."

You simply decide how many of these units you need for your particular coverage requirements—and put them together like building blocks. For example:

The "1-UNIT" PLAN pays you $52.50 per week actual cash (at the rate of $7.50 a day) for every week you spend in the hospital due to accident or illness. This plan can pay you as much as $2,737.50 if you are hospitalized for a full year.

The "2-UNIT" PLAN pays you $105.00 per week (at the rate of $15.00 a day) for each week you are in the hospital—up to as much as $5,475.00 if you should be in the hospital a full year.

The "3-UNIT" PLAN pays you $157.50 per week (at the rate of $22.50 a day) for each week you are in the hospital—up to a total of $8,212.50 if you are hospitalized for a full year.

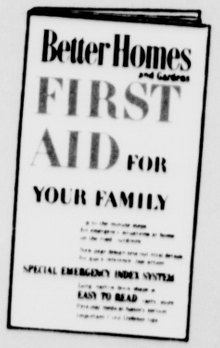

Your decision is easy. Just choose the plan that fits your needs best. And best of all, no matter which you choose, you get all these advantages:

- **Cash is paid direct to you.** It is *yours* to spend any way you please.
- **It is LifeGuarded Protection.®** This means it is Guaranteed Renewable. It can be YOURS FOR LIFE as long as you make timely payments of the current premium. It can NEVER be cancelled by the Company because of age, health, or number of claims.
- **Pays whether you are in the hospital for injury OR sickness.**
- **Pays in addition** to any other insurance carried with American Republic or any other company. Even pays in addition to Workmen's Compensation or Medicare.
- **You are covered** during any hospital confinement for any accident from the date your policy is issued, and for any sickness that begins after 30 days from date of issue. Unless, of course, your hospital care is due to war, mental disorder, maternity, dental work, or when you are in a U. S. Government or Veterans Hospital.
- **NO MEDICAL EXAMINATION,** regardless of your age—and there is NO AGE LIMIT.
- **Benefits are increased 10%** if premium is paid annually in advance, or increased 5% if premium is paid semi-annually in advance.

Protection That PAYS

According to latest 5-year figures, American Republic returned a greater percent of premium dollars to policyholders in claim benefits than any of the other Top 40 insurance companies offering individual accident and health insurance. So, when you own this protection, you have protection that PAYS.

Why not send for full information today? It's easy. Just fill out and mail the attached postage-free air mail card, or write to American Republic Insurance Company, Des Moines, Iowa.

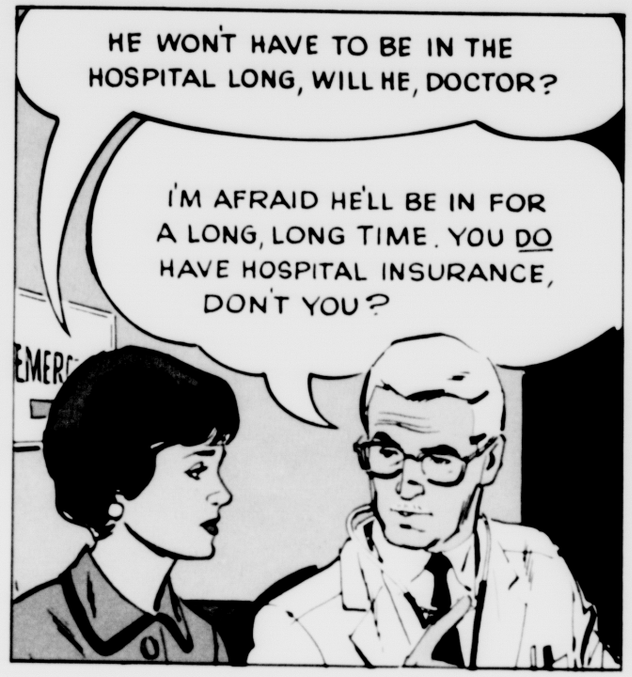

SPECIAL OFFER: If you send now for information about the American Republic "1-2-3 Direct Cash Plan", you will also receive a complimentary copy of the Better Homes & Gardens FIRST AID BOOK. This valuable 118-page, hard-cover book tells you how to take life-saving measures in an emergency. This book is yours without charge or obligation. Fill out and mail card today.
